# The New Virginia Tax Refund Debit Card It's Safe, Convenient, and Secure 

## Why Is Virginia switching to debit cards?

Legislation: The 2012-2014 Appropriations Act approved by the General Assembly requires the Department of Taxation to issue individual income tax refunds through direct deposit or with a prepaid debit card. This initiative is a cost-savings measure for the Commonwealth through the reduction of printing and mailing checks.

## Do I have to get my refund as a debit card?

No. Although the debit card replaces the paper refund check, you can still have your refund deposited directly to your bank account.

Will I receive another debit card for my Virginia tax refund next year?
Yes. You will receive a new debit card for your tax refund each year, unless you choose to have future refunds deposited directly into your bank account. Virginia Tax Refund debit cards are one-time deposit cards and are not reloaded.

## How long will it take to get my refund debit card?

Debit cards will take the same amount of time as paper refund checks did.

## If I filed my return as married filing jointly, will each spouse receive a debit card?

Yes. Married couples filing jointly will be issued two debit cards and each spouse will have equal access to the refund amount. Both cards will be mailed together in one packet.

## Is a debit card safe and secure?

Yes. The debit card cannot be used until you activate the card by selecting your personal identification number (PIN). You must have your personal information ready to enter when prompted so that you can be authenticated as the rightful owner of the card. The debit card provides more security than a check sent to your mailbox and it allows for the privacy of your refund amount.

## Does this debit card have an expiration date?

Yes. Your activated debit card will expire three years from the issue date. If your card expires and you still have funds in your account, call the toll free number 1-855-409-0580 for a free replacement debit card.

## If I lose my card or it is stolen can I get a replacement?

Yes. Lost or stolen debit cards can be replaced for a small fee by calling the toll-free number 1-855-409-0580 (additional information is on our website).

Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2010, to December 31, 2011, with limited exceptions. Virginia will continue to disallow federal income tax deductions for bonus depreciation allowed for certain assets under IRC §§ 168 (k), 168(I), 168(m), 1400L and 1400N; the five-year carryback of federal net operating loss deductions generated in taxable year 2008 or 2009; and, federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F). In addition, fixed date conformity adjustments continue to be required for Cancellation of Debt Income under IRC § 108(i), and the domestic production deduction under IRC § 199.
At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2012 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.
Telework Expenses Tax Credit: The Telework Expenses Tax Credit is an individual and corporate income tax credit for employers who incur eligible telework expenses pursuant to a telework agreement or conduct telework assessments. This credit is equal to the amount of expenses incurred during the calendar year. The amount of the credit cannot exceed $\$ 50,000$ per employer per calendar year and the credit is for expenses incurred in the calendar year that ends during the taxable year. To qualify for a credit, the employer must enter into a signed telework agreement with the teleworking employee on or after July 1, 2012, but before January 1, 2017. This telework agreement must be in accordance with policies set by the Department of Rail and Public

Transportation (DRPT) available on the Telework!VA website at www.teleworkva.org. The maximum amount of expenses that can be used in determining the amount of this portion of the credit is $\$ 1,200$ per employee.
Telework Expenses Addition: Individuals who claim the Virginia Telework Expenses Tax Credit are not allowed to exclude those expenses from Virginia Income. To the extent excluded from federal adjusted gross income, any expenses incurred by a taxpayer in connection with the Telework Expenses Tax Credit must be added to the Virginia return.
Debit Card Option for Refunds: Effective beginning with the 2012 taxable year, individual refunds will be issued through prepaid debit cards or by direct deposit to taxpayers' checking or savings accounts. The paper check refund option is being replaced with the debit card option. Taxpayers receiving a refund may choose either debit card or direct deposit by filling in the requested information on Form 760PY, just below Line 33.
This change is one of the budget reduction measures included in the 2012-2014 Appropriations Act (HB 1301) passed by the General Assembly.
Visit www.tax.virginia.gov for detailed information and answers to frequently asked questions.
Filing Threshold for Individual Income: The filing threshold amounts for taxable years 2012 and beyond have been increased. The new threshold for single individuals has increased from $\$ 11,650$ to $\$ 11,950$. The filing threshold for married couples filing jointly has increased from $\$ 23,300$ to $\$ 23,900$. The threshold for married couples who file separate returns has increased from $\$ 11,650$ to $\$ 11,950$. See Page 3 for more information on the Virginia Filing Threshold.

## GENERAL INFORMATION

## ESTIMATED INCOME TAX FILING

If you did not have enough income tax withheld, you may need to pay estimated income tax. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than $\$ 150$.
To make estimated tax payments, visit www.tax.virginia.gov or file Form 760ES.
If you owe a large amount of tax, you may need to increase the amount of tax withheld or make estimated tax payments during the year.
You may be penalized if you underpaid your estimated tax or did not have enough tax withheld.

## CIVIL AND CRIMINAL PENALTIES

The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of $100 \%$ of the correct tax.
Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

## AMENDED RETURN FILING

## When to File

If you file an amended federal return reflecting a change in your taxable income or any other amount that would affect the Virginia return, you must file an amended Virginia tax return within one year. If the IRS provided documentation that acknowledges acceptance of your federal amended return, attach a copy to the Virginia amended return. In addition, if you file an amended return with any other state that results in a change that would affect your Virginia income tax, you must file an amended Virginia tax return within one year.
If the change reduces the tax, the Department of Taxation by law may issue a refund only if the amended return is filed within:

- three years from the due date of the original return, including valid filing extensions;
- one year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- one year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- two years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- two years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

## Form 760PY

To amend Form 760PY, complete a new Form 760PY (for the tax year you are amending) using the corrected figures, as if it were the original return. Check the amended box in the Filing Information
section of the return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as a result of the original return.

## Additional Required Attachments

If you filed an amended federal return, attach a copy of your federal Form 1040X or other claim form and supporting material to your amended Virginia return to substantiate the amendment. If amending your Virginia return for other reasons, attach a statement to explain why you are amending your return. Show any computations necessary to verify the adjustments you are making. Staple your check or money order to the bottom left corner of your return if you owe a balance due. Also, staple any additional Forms W-2, 1099 or VK-1 to your return if claiming more income tax withheld than what was claimed on your original return.

## Federal Adjustments

If your federal income tax return was adjusted by the Internal Revenue Service during the taxable year and the adjustment was not reported to the Virginia Department of Taxation, an amended Virginia return must be filed with a copy of the federal adjustments attached within one year after the final determination of such federal change, correction or renegotiation. See "When to File" earlier in this section for additional information.

## Net Operating Losses

Although there is no express statutory provision for a separate Virginia net operating loss available for carryback or carryover, the amount of federal net operating loss is the starting point in computing the amount of deduction to be allowed on the Virginia return. Check the amended return box located on the front of Form 760 PY , indicating that this is an amended return. Also, check the box indicating the return is the result of a net operating loss (NOL) carryback. Be sure to attach a complete copy of your federal amended return, if applicable.
General instructions for computing the NOL can be obtained from the Laws, Rules \& Decisions section on the Department's website at www.tax.virginia.gov. Select the link for Virginia Tax Administrative Code (Regulations) and find 23VAC10-11080 and 23VAC10-110-81, located under Chapter 110, Individual Income Tax.

## DECEASED TAXPAYERS

Single filers: You must list the filer's name and Social Security Number and fill in the box for Primary Taxpayer Deceased. Include a copy of the federal Form 1310 and/or the appropriate court appointment papers.
Joint filers: If one filer is deceased, the names and Social Security Numbers of both filers must be listed. Fill in the box to indicate the deceased filer. Use the Primary Taxpayer Deceased box if the filer in the Your name and Social Security Number fields is deceased. Use the Spouse Deceased box if the filer in the Spouse name and Social Security Number fields is deceased.
If completing a return for joint filers with both filers deceased, the names and Social Security Numbers of both filers must be listed. Fill in both deceased boxes. Include a copy of the federal Form 1310 and/or the appropriate court appointment papers.

## RECORD KEEPING

Keep your tax records for at least three years from the due date of the return or the date the return was filed, whichever is later. If the Internal Revenue Service requires you to keep your federal records for a longer period of time, keep your state records for the same period of time.

## FILING REQUIREMENTS

## FILING THRESHOLD

Filing requirements are based on your residency status and the amount of your income. Dependents and students are subject to the same filing requirements as anyone else.

- Residents of Virginia with income at or above the minimum filing threshold must file.
- Nonresidents of Virginia with income at or above the filing threshold must file if any of their income is from Virginia sources.
For information on Virginia residency requirements, please read the next section, "Residency Status."
If your Virginia Adjusted Gross Income (VAGI) is at or above the threshold amount shown in the following table, you are required to file. VAGI is the Adjusted Gross Income on your federal return plus any Virginia additions, minus any Virginia subtractions. Information on Virginia additions and subtractions is included in the instructions, later in this booklet.
For a part-year resident, if your income is only from wages, salaries and interest from a savings or checking account, your VAGI is usually the same as the Adjusted Gross Income shown on your federal return less the wages, salaries and interest earned while a nonresident of Virginia. Once you have computed your VAGI, check the chart below to see if you need to file a Virginia income tax return.

## YOU DO NOT HAVE TO FILE IF YOU ARE:

Single and your VAGI is less than .................. $\mathbf{\$ 1 1 , 9 5 0}$
Married filing with your spouse
on the same return and your
combined VAGI is less than ......................... $\mathbf{\$ 2 3 , 9 0 0}$
Married filing separately (on separate
forms) and your VAGI is less than ................. $\mathbf{\$ 1 1 , 9 5 0}$
If you are not required to file, but you had Virginia income tax withheld or made estimated payments, you are entitled to a refund of the amount withheld or paid. You must file a return to get a refund. We periodically review and update our records to make sure that we have correct return information. Sometimes, we have to contact taxpayers to confirm that they did not need to file for a given year. As a result, even if you do not need to file a return, you may receive an inquiry at a later date to verify your VAGI.

## RESIDENCY STATUS

## Residents

Every Virginia resident whose Virginia Adjusted Gross Income is at or above the minimum filing threshold must file. Any "federal area" such as a military or naval reservation, federal agency or federal administration that is inside the geographical boundaries of Virginia is considered a location in Virginia and nonactive duty residents of those areas are subject to Virginia income tax just like residents of any other location in the state.
You may be required to file as a resident in two states if you are an actual resident of one state and a domiciliary resident of another state (see definitions below). If you are in this situation, you may be able to take a credit on the return filed in the state of your legal domicile. Refer to the instructions for the Schedule OSC later in this booklet for more information on the credit for tax paid to another state.

## Domiciliary Residents

Anyone who maintains a legal domicile (residence) in Virginia, whether living in or out of Virginia, is a domiciliary resident. This includes members of the U.S. armed forces who have Virginia as their home of record. Domiciliary residents have their permanent place of residence in Virginia. Any person who has not abandoned his or her legal domicile in Virginia and established legal domicile in another state remains a domiciliary resident of Virginia, even if residing in another jurisdiction for a number of years. In determining domicile, the Department considers many factors. Some of the more common indicators of domicile are: voter registration; motor vehicle and personal property registration; business pursuits; expressed intent; conduct; leaseholds and situs of real property owned.

## Actual Residents

Anyone, other than a member of the U.S. armed forces or the U.S. Congress, who maintains a place of abode (i.e., home) in Virginia for a total of more than 183 days of the taxable year while having legal domicile (residence) in another state or country is an actual resident of Virginia. This category often includes students who are domiciliary residents of another state while attending college in Virginia or the spouses* and dependents of members of the U.S. armed forces stationed in Virginia. Although this residency classification does not apply to members of the U.S. Congress, it does apply to members of their families and staffs.
*The spouse of a military service member may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the service member is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the service member; and (iii) they both maintain domicile in another state that is the same for both spouses. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the Department's website at www.tax.virginia.gov.

## Part-Year Residents

You may be a part-year resident if your residency in Virginia began or ended during the taxable year. Residents who move into or out of Virginia during the taxable year and do not fall into either category below are generally considered full-year residents.

- Virginia residents who move out of Virginia during the taxable year and become domiciliary residents of another state are partyear residents, provided they do not move back to Virginia for at least six months.
- Those who move into Virginia during the taxable year and become either domiciliary or actual residents of Virginia are also considered part-year residents.
The distinction between full-year and part-year residents is important in deciding which form to file and what income is taxable in Virginia. To compute VAGI and determine if VAGI meets the minimum filing threshold, part-year residents who file Form 760PY are allowed a subtraction from federal adjusted gross income equal to the amount of income attributable to residence outside Virginia.
If you are a part-year resident and you do not file the correct form, you will not compute the correct amount of tax. See "WHICH FORM TO FILE" on Page 4.

## Nonresidents

Nonresidents of Virginia with Virginia Adjusted Gross Income at or above the filing threshold must file if any of their income is from Virginia sources. Income from Virginia sources is income received from labor performed, business done, or property located in Virginia, including gains from sales, exchanges or other dispositions of real estate and intangible personal property having
a situs in Virginia. Virginia source income includes income passed through from a partnership, S Corporation or limited liability company that does business in Virginia. It also includes business income and proceeds from real estate transactions passed through by a Virginia trust. It generally does not include personal savings account interest or dividends from an individual's stock market investments.
Those who maintain legal domicile in another state and live in Virginia less than 183 days of the taxable year (or do not live in Virginia at all) are nonresidents. Also, members of the U.S. armed forces who have another state as their home of record (legal domicile) are generally classified as nonresidents of Virginia, even though they may be stationed in Virginia for years.

## Exceptions for Certain Nonresidents

If you are a nonresident of Virginia who commutes daily to work in Virginia from Kentucky or the District of Columbia, you do not have to file if:

- You have no actual place of abode in Virginia at any time during the year;
- Salaries and wages are your only Virginia source income; and
- Your salaries and wages are subject to income taxation by Kentucky or the District of Columbia.
If you are a nonresident of Virginia who is a resident of Maryland,
Pennsylvania or West Virginia and you earn salaries and wages in Virginia, you are exempt from filing a Virginia income tax return and paying Virginia income tax if:
- Your only income from sources in Virginia is from salaries and wages; and
- Your salaries and wages are subject to income taxation by Maryland, Pennsylvania or West Virginia.
If you are a domiciliary resident of Kentucky, Maryland, Pennsylvania, West Virginia or the District of Columbia and have income from Virginia sources other than wages and salaries, (such as business income or gain from the sale of a residence), you must file a Virginia Nonresident Individual Income Tax Return, Form 763 , and pay tax on income not specifically exempted above.

## WHICH FORM TO FILE

## Residents File Form 760

File Form 760 if you are a part-year resident and all of your income came from Virginia sources or was received while you were a Virginia resident. This will allow you to claim the full exemption and standard or itemized deduction instead of computing partial amounts as required for part-year residents filing Form 760PY.

## Part-Year Residents File Form 760PY

As a general rule, part-year residents file Form 760PY. If one spouse is a full-year resident and the other is a part-year resident, the couple may file together on Form 760PY. The part-year resident spouse will compute a prorated exemption amount. The full-year resident spouse will claim the full exemption amount.
If you are a part-year resident who received Virginia source income, as well as other income, during the portion of the year you lived in another state, you need to file two Virginia returns for the taxable year. File Form 760PY to report the income attributable to your period of Virginia residency. File Form 763, the nonresident return, to report the Virginia source income received as a nonresident.

## Nonresidents File Form 763

Generally, nonresidents with income from Virginia sources must file a Virginia return if their income is at or above the filing threshold. Nonresidents who earn salaries and wages in Virginia and pay tax
on those salaries and wages to the District of Columbia, Kentucky, Maryland, Pennsylvania or West Virginia are not required to file if they meet the criteria described in the previous section under "Exceptions for Certain Nonresidents." Residents of states other than those in "Exceptions for Certain Nonresidents" do not qualify for a filing exception.
Usually, when one spouse is a resident and the other spouse is a nonresident, each spouse whose income is at or above the filing threshold must file separately. The resident must file on Form 760. The nonresident spouse must file Form 763. There are only two circumstances in which such a couple can file jointly on the same return. If both spouses have income and all of the nonresident's income is Virginia source income, a joint resident return (Form 760) may be filed. Also, if the nonresident spouse has no income at all, a joint resident return may be filed.

## Members of the Armed Forces

Active duty pay for members of the armed forces is taxable only in the state of legal domicile, regardless of where stationed. You must file as a nonresident if you are in the military, domiciled in another state and have any other income that is from Virginia sources.
The spouse of a military service member may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the service member is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the service member; and (iii) they both maintain the same non-Virginia domicile state. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the Department's website at www.tax.virginia.gov.
Use Form 763 if you are in the military, domiciled in another state and have any other income that is from Virginia sources. Examples follow.
If a married couple lives in Virginia for the entire year, but is domiciled in Alabama, and has nonmilitary income from Virginia sources that is attributable to both spouses, the spouse on active duty will file Form 763, using Filing Status 4. Generally, the state of domicile will allow credit for tax paid to Virginia on the earned income that is taxed in both states.
If the nonmilitary spouse's domicile changed to Virginia during the year, Form 760PY will be filed, using Filing Status 3, to pay tax on income earned after becoming a Virginia resident.

## WHEN TO FILE

If your tax year is January 1, 2012 - December 31, 2012, your individual income tax return must be postmarked no later than May 1, 2013, to avoid late filing penalties and interest.
When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for the penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.
If the due date falls on a Saturday, Sunday or legal holiday, you may file your return on the next day that is not a Saturday, Sunday or legal holiday.

## Fiscal Year Filers

If your taxable year is not January 1 through December 31, your return must be postmarked by the 15th day of the fourth month following the close of your fiscal year.
When filing by paper, you should write "FISCAL YEAR FILER" across the top of Page 1 of Form 760PY and attach a statement indicating the beginning and ending months of your 12-month fiscal year. If you file after the due date or do not pay the full amount due by the due date, you may have to pay penalties and interest.

## Overseas Rule

If you are living or traveling outside the United States or Puerto Rico (including serving in the military or naval service), you must file your return by July 1, 2013. Be sure to check the appropriate box to the left of the name and address section.

Members of the Military - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional fifteen days, or a one-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members who claim this extension should write "Combat Zone" on the top of tax returns, as well as any notice issued by the Virginia Department of Taxation to combat zone personnel regarding tax collection or examination, and on the outside of the return envelopes used to mail the return. For more information, see Tax Bulletin 05-5 on the Department's website at www.tax.virginia.gov.
In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

## Extension Requests

Virginia law provides an automatic six-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least $90 \%$ of your tax by the due date, May 1 for calendar year filers. To make a payment of tentative tax, use Form 760IP.

If you file your return within six months after the due date but do not meet the $90 \%$ payment requirement, an extension penalty of two percent per month will apply to the balance of tax due with your return from the due date through the date your return is filed, to a maximum of $12 \%$ of the tax due. Interest will also be accrued on any balance of tax due with a return filed within the extension period, regardless of whether the $90 \%$ payment requirement is met.

If you file your return within six months after the due date but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of six percent per month from the date of filing through the date of payment, to a maximum of $30 \%$. The late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within six months from the due date. If you file your return more than six months after the due date, a late filing penalty of $30 \%$ will apply to the balance of tax due with your return.
Refund Returns - You do not need to file an extension if you cannot file by the due date and you are certain that your return will result in a refund. This is because the late filing penalty is not assessed on refund returns. To receive a refund, however, you must file within three years of the due date.

Foreign Income Exclusion - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for thirty days after the date you expect to qualify for the exclusion. You must apply by letter on or before the first day of the seventh month following the close of your taxable year and attach a copy of the approved federal extension to your return when you file.

## WHERE TO FILE

To file by mail, use the mailing address listed listed beginning on Page 40 for the city or county where you live or last lived while a resident of Virginia. Returns can be filed directly with the Virginia Department of Taxation.

## BALANCE DUE RETURNS

You can pay by check, credit card or online. Make your check payable to the Treasurer of the city or county in which you reside. Make sure your social security number is on your check and make a notation that it is your 2012 income tax payment.
To pay by credit card, call 1-800-272-9829 (1800 2 PAY TAX), or visit www.officialpayments.com. The jurisdiction code for Virginia is 1080. If you choose this option, fill in the box on Line 32 of Form 760PY, indicating this type of payment. You will be assessed a fee by the company processing the transaction.

Make an online payment from your checking or savings account for balance due returns using Web Payments at www.tax.virginia.gov. If you have already filed your return with your Local Commissioner of the Revenue and did not indicate you were paying by credit card, call your Local Commissioner of the Revenue's office for the correct jurisdiction code prior to initiating your credit card payment. Phone numbers are listed beginning on Page 40.

## DEBT COLLECTION ACT

Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any such debt is found, regardless of the type of tax return
filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.

## AVOID COMMON MISTAKES

- Make sure your name, address and social security number(s) are correct.

- If you itemized deductions, make sure you complete Line 11 through Line 13 on Form 760PY.

- File your original return. Do not file a photocopy.

## HOW TO ASSEMBLE YOUR RETURN

If you completed any of the forms shown below, you must attach copies to your Virginia return. Place these forms behind your Virginia return in the following order and staple them together at the location labeled "STAPLE" on the top, center on the front of your Virginia return.

- If filing both Form 760PY and Form 763, attach Form 763 behind Form 760PY so that the title of Form 763 can be seen over the top of the title of Form 760PY. Attach a statement over the Form W-2 on Form 760PY stating that "Form 763 is attached behind Form 760PY."

## COMPUTE YOUR LOWEST TAX <br> (TIP FOR MARRIED TAXPAYERS)

Since Virginia's individual income tax is imposed at graduated rates, a couple with income attributable to each spouse may find that by using Filing Status 2 (filing a joint return), their joint income is taxed at a higher rate than their separate taxable incomes would be. Filing Status 4 (married filing a combined return), is designed to adjust for this difference. When using Filing Status 4, tax is computed on each spouse's separate taxable income and then the two amounts of tax are added together to arrive at their total tax.

As a general rule, when both you and your spouse have income, Filing Status 4 will enable you to obtain the lowest combined tax provided that you assign deductions and dependents to each spouse so that the taxable income in each column on Form 760PY is as close to equal as possible.
If only one spouse has income or if one spouse's income would be reduced to zero (or less) after claiming personal exemptions and subtractions, use Filing Status 2 instead.

## FORM 760PY LINE INSTRUCTIONS

## NAME, ADDRESS \& SOCIAL SECURITY NUMBER (SSN)

## Locality Code

Enter the three digit Locality Code found beginning on Page 40. If you lived in more than one Virginia city or county or if you did not live in Virginia on January 1, 2013, enter the name of the city or county in Virginia in which you last lived. This is not always the same as the city or county of your mailing address.

## Phone Numbers

Enter daytime and evening phone numbers in the space provided.

## Preparer's PTIN, Filing Election and Code

For returns completed by a paid preparer, the tax preparer should complete these fields. Use one of the codes below to complete the Filing Election field.

Code 2 - Taxpayer opted out of electronic filing.
Code 3 - Preparer prepares less than 50 returns annually.
Code 4 - Preparer capable of electronic filing, but return cannot
be accepted electronically.
Code 5 - Preparer has a hardship waiver.
Code 6 - Preparer capable of electronic filing, but not yet approved as electronic return originator by IRS.

## FILING STATUS

Check the box beside your filing status.

## Filing Status $\mathbf{1 - S i n g l e}$

Use this filing status if you claimed one of the following federal filing statuses on your federal return: Single, Head of Household, or Qualifying Widow(er). If you claimed the Head of Household filing status on your federal return, check the "Single" filing status box and the "Head of Household" box.

## Filing Status 2 - Married, Filing Joint Return

You and your spouse may choose to file a joint return if (a) you computed your federal income tax liabilities together on a joint federal return, or (b) neither you nor your spouse was required to file a federal return. You may claim this filing status even if your spouse has no income. When filing a joint return, your spouse's exemption is included in the "You" column. Do not claim your spouse as a dependent.

If both spouses have income, filing a combined return (Filing Status 4) may result in a lower balance due or a greater refund than a joint return (Filing Status 2).

## Filing Status 3 - Married, Filing Separate Return

If you and your spouse filed separate federal returns, you can file separate state tax returns or you can choose to file a combined return (Filing Status 4). Generally, if you filed a joint federal return and only one spouse is a Virginia resident, the Virginia resident must file a separate Virginia return. When you file separate returns in Virginia, you must report your federal adjusted gross income, exemptions and deductions on your Virginia return as if you had filed separate federal returns. Federal rules must be applied to determine the exemptions and itemized deductions allowed when filing separate returns. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions.
If the number of dependent exemptions or the amount of itemized deductions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income (e.g., federal adjusted gross income).
Also enter your spouse's Social Security Number in the name and address section of the return and enter your spouse's name on the line provided in the Filing Status section.

## Filing Status 4 - Married, Filing Separately on This Combined Return

You can use this filing status if both you and your spouse had income, regardless of whether you filed jointly or separately for federal purposes. When both spouses have income, this filing status usually enables a couple to compute a lower tax than filing a joint return (Filing Status 2). If you choose Filing Status 4, you are jointly and severally liable for the amount of tax due and any refunds will be made jointly payable.
Since Virginia's income tax is imposed at graduated rates, a couple with income attributable to each spouse may find that by using

Filing Status 2, their joint income is taxed at a higher rate than their separate incomes would be. Filing Status 4 is designed to adjust for this difference. Filing Status 4 allows a couple to compute a combined tax by reporting income for each spouse separately and then allocating dependent exemptions and deductions as mutually agreed. Tax is computed on each spouse's separate taxable income and then the two amounts of tax are added together to determine their total tax.

Use Filing Status 2 instead of Filing Status 4 if only one spouse had income or if one spouse's income would be reduced to zero or less after claiming personal exemptions and subtractions.
When using Filing Status 4, each spouse must claim his or her own income, personal exemptions and, if allowable, any additional exemption for age or blindness. The number of dependent exemptions may be allocated between spouses as you mutually agree. Each spouse has a separate exemption line.

## EXEMPTIONS

Enter the number of exemptions you are allowed in the appropriate boxes. If filing a joint return (Filing Status 2), enter the number for both spouses combined in the boxes in Column A. Use the exemption information when completing Line 14.
Dependents Generally, you may claim the same number of dependent exemptions allowed on your federal return. If you are using Filing Status 3 or 4, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.
65 or Over To qualify for the additional personal exemption for age 65 or older, you must have been age 65 or over on or before January 1, 2013.
Blind To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

## HOW TO ENTER NUMBERS

Use the Correct Column: Enter numbers in Column A if you are using Filing Status 1, 2 or 3. Enter numbers in Columns A and B only if you are using Filing Status 4. When using Filing Status 4, make sure the information in Column A applies to the name and social security number listed first on the return. Column $B$ is for your spouse.
Round to Whole Dollars: To improve accuracy of return preparation and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts of 1 cent to 50 cents are to be rounded down while all amounts 51 cents to 99 cents are to be rounded up.
Negative Numbers: Enter negative numbers (numbers less than 0 ) in brackets. For example, if your federal adjusted gross income was negative 12,000, enter this as $[12,000]$.

## Date Of Birth

Please be sure to provide this information. It is used to assist in the verification of taxpayer identity. If you are filing a joint return, enter your date of birth and your spouse's date of birth in the same order as your names and social security numbers.

## Line 1 - Adjusted Gross Income

The Virginia Schedule of Income must be completed before you make an entry on Line 1. Complete the Virginia Schedule of Income, Part 1, Lines 1 through 9, then enter the total amount of federal adjusted gross income on Line 1 as follows. The instructions for the Virginia Schedule of Income are on Page 12. Attach the completed Virginia Schedule of Income to your return.

Enter the amount from Schedule of Income, Part 1, Line 7, Column A1, on Line 1, Column A.

## Filing Status 4

Enter the amount from Schedule of Income, Part 1, Line 7, Column B1, on Line 1, Column B, and enter the amount from Line 7, Column A1, on Line 1, Column A. When using Filing Status 4, the total of Column A and Column B on Line 1 must equal the total federal adjusted gross income on your federal return.

## Line 2 - Additions

If you reported any additions on Virginia Schedule 760PY ADJ, enter the total amount from Line 3 of Schedule 760PY ADJ.

## Line 4 - Qualifying Age Deduction

## Line 5 - Social Security Act and equivalent Tier 1 Railroad Retirement Act Benefits

Enter Social Security and equivalent Tier 1 Railroad Retirement Act benefits reported as taxable income on your federal return and attributable to your period of residence in Virginia.
Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule 760PY ADJ to determine if these benefits can be included as other subtractions.

## Line 6 - State Tax Refund or Overpayment Credit Reported as Income on Federal Return

Enter the amount of any state income tax refund or overpayment credit reported as income on your federal income tax return and received while a resident of Virginia (claim in the same column as the income was reported on Line 6 on the front of the Virginia return).
State, local or foreign income taxes withheld from your salary, estimated tax payments or payments made on tax for a prior year to such taxing authority may be deducted on your federal return for the year withheld or paid. The federal deduction is for the amount paid rather than the tax liability, so a refund or credit is generally treated as taxable income (a recovery of an excessive deduction) on the federal return. Since Virginia does not allow the state and local income tax deduction, a federally taxable refund or overpayment credit is to be deducted from federal adjusted gross income on the Virginia return.

## Line 7 - Income Attributable to Your Period of Residence Outside Virginia

Enter the amount from the Virginia Schedule of Income, Part 1, Line 9, Column A3, in Column A. Enter the amount from Part 1, Line 9, Column B3, in Column B.
If you claim this subtraction, you cannot claim a credit for tax paid to another state on the same income.

## Line 8 - Subtractions

If you reported any subtractions on Virginia Schedule 760PY ADJ, enter the total amount from Line 7 of Schedule 760PY ADJ.

## Line 10 - Virginia Adjusted Gross Income

Deduct Line 9 from Line 3 and enter the result.
If the amount on Line 10 is less than the amount shown below for your filing status, your Virginia income tax is $\$ 0.00$ and you are entitled to a refund of any withholding or estimated tax paid.
To claim a refund in these cases:

- Skip to Line 19 and enter " 0.00 " as your tax, then
- Complete Lines 20-33.

Filing Status Filing Threshold

1. Single.......................................................... \$11,950
2. Married, filing jointly................................. \$23,900
3. Married, filing separately ........................... \$11,950
4. Married, filing combined return*............... \$23,900

* When filing a combined return, compare the threshold to the total of Columns A and B, Line 10.

## DEDUCTIONS

Claiming Deductions When Filing a Combined Return: If you are filing a combined return (Filing Status 4), you can allocate deductions and dependents between spouses as you choose. As a general rule, you can lower your combined tax by assigning deductions and dependents to each spouse so that the taxable incomes in Columns A and B are as close to equal as possible. The deductions and dependents which can be allocated are on Lines 13,14 and 15.

## Line 11 - Itemized Deductions

Enter the total itemized deductions claimed on federal Schedule A (or the FDC Worksheet if you have an addition or subtraction due to Fixed Date Conformity) paid while a resident of Virginia. You must claim the same type of deductions (standard or itemized) on the Virginia return as claimed on your federal return. If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3), and claiming itemized deductions, itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the federal adjusted gross income.

## Virginia Itemized Deductions

If you claimed itemized deductions on your federal income tax return, you must claim itemized deductions on your Virginia income tax return. Your allowable itemized deductions on Form 760 PY are expenses claimed on Schedule A for which payment was made while you were a Virginia resident. State and local income tax claimed as an itemized deduction on your federal return is not allowed as a Virginia deduction. If you have an addition or subtraction due to Fixed Date Conformity, you must complete the FDC Worksheet to compute your Virginia itemized deductions. The copy of your federal income tax return attached to Form 760PY must include the Schedule A.

21. Enter the amount from federal Schedule A, Line 28.
22. Add Lines 9, 10, 11, 12, 13, 20 and 21.

Enter the amount of deductions attributable to your period of residence in Virginia on Form 760PY, Line 11.

## Line 12 - State And Local Income Tax

If claiming itemized deductions, enter the amount of state and local income tax allowed on your Federal Schedule A that was paid while you were a resident of Virginia. If you did not claim any state and local income tax on federal Schedule A, enter " 0.00 " on this line.

## Line 13 - Virginia Deductions

If claiming itemized deductions, subtract Line 12 from Line 11. The copy of your federal income tax return attached to Form 760PY must include the Schedule A. If you are not claiming itemized deductions, enter the amount from Line 5 of the Standard Deductions Worksheet.
If you did not claim itemized deductions on your federal income tax return, you must claim the standard deduction on your Virginia income tax return. Your allowable standard deduction on Form 760PY will be prorated based on the portion of your federal adjusted gross income that was received while a resident of Virginia.

## Standard Deductions Worksheet

| 1 | Enter the federal adjusted gross income (Total Part <br> 1, Line 9, Columns A1 and B1 from Schedule of <br> Income). |  |  |
| :--- | :--- | :--- | :--- |
| 2 | Enter the income attributable to your period of <br> Virginia residence (Total Part 1, Line 9, Columns <br> A2 and B2 from Schedule of Income). |  |  |

| 5 | Multiply Line 3 by Line 4. Enter here and on Line <br> 13, Form 760PY. |  |  |

When using Filing Status 4, the standard deduction may be allocated between each spouse as you mutually agree. As a general rule, you can lower your combined tax by assigning deductions (Lines 13 and 15) and dependents (Line 14) to each spouse so that the taxable incomes in Columns A and B are as close to equal as possible.

## Exception: Dependent's Limited Standard Deduction

If you could be claimed as a dependent on the federal income tax return of another taxpayer, your allowable standard deduction may not exceed the amount of your earned income. This rule applies to dependents of all ages, including children under age 19 and fulltime students under 24 years old who are eligible to be claimed as a dependent on their parent's return.

Remember to check the box on the front of Form 760PY if you can be claimed as a dependent on another's return. Your maximum standard deduction is the lesser of EARNED INCOME; or

1. $\$ 3,000$ if you are single (Filing Status 1)
2. $\$ 6,000$ if you are married and file a joint or combined return (Filing Status 2 or 4 )
3. $\$ 3,000$ if you are filing a separate return from your spouse (Filing Status 3).

## EXAMPLE: (Standard Deduction Limited):

A person (claimed as a dependent on another's return) moved to Virginia on June 25, 2012. Before moving to Virginia he had unearned income of $\$ 5,000$ in another state. While in Virginia he had interest income from a bank account (unearned income) of $\$ 4,200$ and income from a summer job of $\$ 1,200$ (earned income). This person's limited standard deduction to be entered on Line 13 is $\$ 622.80$ which should be rounded to $\$ 623$.
Using the Standard Deductions Worksheet, the limited standard deduction is computed by multiplying the maximum limited standard deduction on Line 4, which is $\$ 1,200$ of earned income, by the percentage on Line 5 , which would be $51.9 \%$. Line 4 is $\$ 1,200$ because the $\$ 1,200$ of earned income is less than the $\$ 3,000$ standard deduction for a single taxpayer.
NOTE: The return of a taxpayer claiming a child (or other person) as a dependent is not affected if the child is required to claim a limited standard deduction.

## Line 14 - Exemption Amount

Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided the income is taxed by Virginia as well as the other state. If you are eligible, calculate the credit by completing Schedule OSC. Enter on Line 24 the credit amount from Schedule OSC, Line 21. Instructions for Schedule OSC are on Page 27.

## Line 25 - Credits From Schedule CR

Complete Schedule CR and attach it to your return to claim the following tax credits. For some credits, other Virginia forms are also required. To order Schedule CR, Schedule CR Instructions and these other credit forms, see Page 1.

## PAYMENT OPTIONS

Check - If you file your return locally, make your check payable to the Treasurer or Director of Finance of the city or county in which you reside; otherwise, make your check payable to the Department of Taxation. See the listing of localities beginning on Page 40. Make sure your Social Security Number is on your check and make a notation that it is your 2012 Virginia income tax payment. Staple your check to the return.
Credit Card - Call 1-800-272-9829 or visit www.officialpayments. com to pay by credit card. If you choose this option, check the box on Line 32 indicating this type of payment.
The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge.
If you have already filed your return with your Local Commissioner of the Revenue and did not indicate you were paying by credit card, call your Local Commissioner of the Revenue's office for the correct jurisdiction code prior to initiating your credit card payment. Phone numbers are listed beginning on Page 40.
Online - Make an online payment from your checking or savings account for balance due returns using Web Payments at www.tax. virginia.gov.

## Line 33 - Amount to Be Refunded to You

If Line 28 is larger than Line 31, deduct Line 31 from Line 28 and enter the amount to be refunded.

Choose the debit card or direct deposit option for your refund by filling in the applicable information below Line 33 on Form 760PY.
Note: You do not have the option to request a paper refund check. You must select either debit card or direct deposit for your refund.

## REFUND OPTIONS

Debit Card - Select the debit card option if you want to receive your refund on a prepaid debit card. If you prefer to have funds deposited directly into your checking or savings account, see below and complete the direct deposit section on the form.
Direct Deposit - Get your refund faster! - Have your refund deposited directly into your bank account. If the ultimate destination of your refund is to a financial institution within the territorial jurisdiction of the United States, you can use direct deposit to receive your refund fast! However, new federal banking regulations have imposed additional reporting requirements on direct deposit of refunds that are ultimately intended for a financial institution outside of the United States. At present, the Virginia Department of Taxation will not support direct deposit of refunds when the ultimate destination is a financial institution outside of the United States. Therefore, when you request direct deposit of your refund by providing bank information on your return, you are certifying that the ultimate destination of the funds is within the United States. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund.

Check the box to indicate whether the account number is for a checking or savings account.

Bank Routing Number: Enter your bank's nine-digit routing transit number printed on the bottom of your check. The first two digits of the routing number must be 01 through 12 or 21 through 32 . Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.

Bank Account Number: Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. Do not include the check number.

If you prefer to have your refund mailed to you, or if the destination of the funds is outside the territorial jurisdiction of the United States, check the debit card box.

## Sign Your Return

Be sure to sign and date your return. If filing jointly, both spouses must sign the return. In so doing, you agree that filing jointly on this return makes you jointly and severally liable for the tax due and any refunds will be paid jointly.

## Tax Preparer Information

If you paid someone to prepare your return, the preparer should provide contact information in the spaces provided.

## VIRGINIA SCHEDULE OF INCOME

## Part 1 - Income Distribution

Your return will not be accepted as complete unless Part 1 is completed. The purpose of the Income Distribution section of the Virginia Schedule of Income is to allocate the items that constitute federal adjusted gross income between Virginia and another state. Column 1, Lines 1-9, is an abridged version of federal Form 1040, 1040A or 1040EZ. Use Lines 1-3 to report all income. Use Line 5 to report all moving expenses included as adjustments to total income on the federal return. Use Line 6 to report all other adjustments to total income on the federal return. The sum of Line 7, Columns A1 and B1 must equal the federal adjusted gross income on your federal Form 1040, 1040A or 1040EZ. Base the allocation on where you were a resident when you received the income or paid the expense. NOTE: If claiming Filing Status 4, complete both the "A" and "B" sections of the schedule. For all other filing statuses, complete only the "A" section. References to Column 1, 2 or 3 mean Column A1, A 2 or A3 (or B1, B2 or B3), as appropriate.

## Lines 1-3 - Income

(1)Enter in Column 1 the total amount of wages as shown on federal Form 1040, 1040A or 1040EZ. In Column 2, enter the portion of wages attributable to your period of residence in Virginia. Enter the balance in Column 3.

(3)Enter in Column 1 the net amount of other income as shown on federal Form 1040 or 1040A. This includes, but is not limited to, refunds of state and local income taxes, alimony received, business income, taxable pensions and capital or other gains and losses. In Column 2, enter the portion of other income attributable to your period of residence in Virginia. Enter the balance in Column 3.

## Line 4 - Gross Income

Add Lines 1, 2 and 3 and enter the total here.

## Line 5 - Adjustments: Moving Expenses

Enter in Column 1 the total moving expenses claimed as an adjustment to income on federal Form 1040. If you moved to Virginia, claim the moving expenses in Column A2 and/or B2 as an expense to Virginia income. If you moved outside of Virginia, claim the moving expenses in Column A3 and/or B3. Moving expenses are considered an expense to the income from the state to which you move.

## Line 6 - Other Adjustments to Income

Enter in Column 1 all adjustments to income as shown on federal Form 1040 or 1040A other than the moving expenses included on Schedule of Income, Line 5. This includes, but is not limited to, reimbursed employee business expenses, payments to an IRA and alimony paid. In Column 2, enter the portion of these adjustments that is attributable to your period of residence in Virginia. Enter in Column 3 the balance of these adjustments.

## Line 7 - Adjusted Gross Income

Deduct the total of Line 5 and Line 6 from Line 4 and enter the balance here. The total of Column 1 must equal your federal adjusted gross income on your federal return. If using Filing Status 4, the total of Columns A1 and B1 must equal your federal adjusted gross income on federal Form 1040, 1040A or 1040EZ.
Enter the totals of Columns A1 and B1 on Line 1, Form 760PY (front). If the Schedule of Income and Adjustments is properly completed, the sum of Columns 2 and 3 will equal your federal adjusted gross income as shown in Column 1.

## Line 8 - Net Fixed Date Conformity Modifications

Complete Schedule 760PY ADJ, Lines 2a and 6a, and enter the net amount on Line 8, Column 1 of the Schedule of Income. In Column 2, enter the portion attributable to your period of residence in Virginia. Enter the balance in Column 3.

## Line 9 - Fixed Date Conformity FAGI

Combine Line 7 and Line 8 and enter the result. Enter the total of Line 9, Column 3, on Form 760PY, Line 7.

Note: If you are claiming the standard deductions on your return, the total of Line 9, Columns A1 and B1, must be entered on Line 1 of the Standard Deductions Worksheet on Page 9.

## Part 2 - Prorated Exemption Worksheet

The prorated exemptions worksheet is used to reduce your personal and dependent exemptions to an amount which is proportional to the number of days you resided in Virginia during the taxable year. For example, if you are single, claim no dependents and moved to Virginia on July 1, your prorated Virginia personal exemption is computed as follows:

## Prorated Virginia Personal Exemption

$\$ 930$ (One personal exemption)
X. 504 (Ratio Schedule factor for July 1 move to Virginia)
$\$ 468.72$ (Be sure to round to $\$ 469.00$ )
Each spouse must compute his or her own prorated personal exemptions based on the number of exemptions claimed in the Exemption Section. Use the separate exemption amounts for "you" and your "spouse" when completing Lines 1-11 of the Prorated Exemption Worksheet in Part 2 of the Schedule of Income. Enter in the appropriate column on Form 760PY, Line 14. If claiming Filing Status 2, the combined exemption amount for you and spouse should be entered on Form 760PY, Line 14, column A.

## Exception

If 100\% of your federal adjusted gross income was earned while you were a Virginia resident, you do not have to prorate your personal exemptions. If you are married, each spouse's personal exemption is prorated separately based on that spouse's period of residence in Virginia. However, if $100 \%$ of either spouse's income is from Virginia sources, that spouse's personal exemption does not have to be prorated.
If you moved into and out of Virginia during the year (or vice versa), base the proration on the total number of days that you were a Virginia resident.

When using Filing Status 3, if the number of exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based upon each spouse's income.

## Part 3 - Moving Information

If you moved into Virginia during the year, enter your prior state or foreign country of residence. If you are filing a joint return, also enter the prior state or foreign country of residence for your spouse.
If you moved out of Virginia during the year, enter the state or foreign country to which you moved. If you are filing a joint return, also enter the state or foreign country to which you moved.

## VIRGINIA SCHEDULE 760PY ADJ

## FIXED DATE CONFORMITY UPDATE FOR 2012

Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2010, to December 31, 2011, with limited exceptions. Virginia will continue to disallow federal income tax deductions for bonus depreciation allowed for certain assets under IRC §§ $168(\mathrm{k})$, $168(\mathrm{l}), 168(\mathrm{~m}), 1400 \mathrm{~L}$ and 1400 N ; the five-year carryback of federal net operating loss deductions generated in taxable year 2008 or 2009; and, federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F). In addition, fixed date conformity adjustments continue to be required for Cancellation of Debt Income under IRC § 108(i), and the domestic production deduction under IRC § 199.
At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2012 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

## ADDITIONS TO FEDERAL ADJUSTED GROSS INCOME

## Line 1 - Interest on Obligations of Other States

Enter the interest earned while a Virginia resident that was not included in federal adjusted gross income, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such state unless created by compact or agreement to which this state is a party.

## Line 2a - Fixed Date Conformity

B. Other Changes Not Listed Above - Add any other amounts not covered above that should be adjusted because of Virginia's conformity to the Internal Revenue Code as it existed on December 31, 2011. Use addition Code 13 below if you have a cancellation of debt income addition due to Fixed Date Conformity. Use addition Code 15 below if you have a domestic
production deduction addition due to Fixed Date Conformity. Check the Department's website, www.tax.virginia.gov, for other Fixed Date Conformity adjustments that may have passed after these instructions were printed.
C. Total of Lines A and B - Enter the total of Lines $A$ and $B$ here and on Schedule 760PY ADJ, Line 2a.

## Mutual Funds

If you received federally tax exempt interest dividends from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire dividend income earned while you were a Virginia resident must be entered as an addition unless you attach a statement provided by the fund that:

- details the amount of dividends you earned while a Virginia resident; and
- summarizes the prorations between exempt and taxable dividends (monthly breakdown is preferred).
A typical situation would involve a mutual fund that invests in bonds of several states, including Virginia. The interest on the bonds issued by the other state is taxable for Virginia purposes even though exempt for federal purposes. Unless the taxpayer is able to substantiate the amount attributable to the Virginia bonds, the total amount of dividends exempt from federal taxation will be an addition on the Virginia return.
If you attach the information specified above, enter the exempt portion of income on Line 1 or Line 2, as appropriate.

## Lines 2b-2c-Other Additions

On Lines $2 \mathrm{~b}-2 \mathrm{c}$, enter the two digit code listed below, followed by the amount, for any additions to federal adjusted gross income. Enter $1 / 3$ of the total amount of the domestic production deduction claimed on your federal return pursuant to IRC § 199. Do not include any amount of Tier 1 Railroad Retirement Board retirement benefits that were included in your gross income as the taxable portion of your social security and railroad retirement benefits on your federal return because that portion should be deducted on Line 5 of the Form 760PY.

Virginia resident. If the military basic pay does not exceed $\$ 15,000$, then the entire amount may be subtracted. If the basic military pay is over $\$ 15,000$, then the subtraction is reduced by the amount exceeding $\$ 15,000$. For every $\$ 1$ of income over $\$ 15,000$, the maximum subtraction is reduced by $\$ 1$. If your basic military pay is $\$ 30,000$ or more, you are not entitled to a subtraction. On joint returns, each spouse can qualify for the subtraction. If you claim this subtraction, you cannot claim a Credit for Low Income Individuals.

You may claim the deduction for child and dependent care expenses on your Virginia return only if you were eligible to claim a credit for child and dependent care expenses on
your federal return. If you filed a joint federal return and you file a separate Virginia return, you may allocate this amount as mutually agreed.
The amount of employment-related expenses that may be deducted is limited to the amount actually used in computing the federal credit for child and dependent care expenses. For example, if an individual purchased a policy on July 1 and made payments on a monthly basis, he would claim a credit in the current taxable year for six months of premiums and a credit in the second year for the next six months of premiums in order to reach the allowed total of 12 months. ## COMPUTATION FOR TAX CREDIT FOR LOW INCOME INDIVIDUALS OR VIRGINIA EARNED INCOME CREDIT

You may be eligible to claim a Credit for Low Income Individuals if your family Virginia adjusted gross income (family VAGI) is equal or less than the federal poverty guidelines and you meet the Eligibility Requirements. You are eligible for the Virginia Earned Income Credit (EITC) if you claimed an earned income credit on your federal return. Claim the credit that benefits you the most. You cannot claim both credits, however. Please complete the entire section.
The low income or Virginia earned income credit may NOT be claimed if you, your spouse, or any dependent claims any of the following:

- Virginia National Guard subtraction (Subtraction Code 28);
- Basic military subtraction (Subtraction Code 38);
- State and federal employees subtraction for earnings of \$15,000 or less (Subtraction Code 39);
- Exemption for blind taxpayers or taxpayers age 65 and over;
- the Age Deduction; or
- You are claimed as a dependent on another taxpayer's return.

To compute total annual family income you must compute the "Guideline Income" for each family member and add those amounts together.
Guideline Income is defined as federal adjusted gross income modified by the Virginia additions and qualifying Virginia subtractions that apply to full-year residents.

After a worksheet below has been filled in for each person on your tax return, complete Schedule 760PY ADJ, Lines 10-17.
If you and your spouse file separate returns, only one spouse may claim the credit for low income. If qualified, both may claim their proportionate share of the Virginia Earned Income Tax Credit.

## Line 11 - Enter Total Number of Exemptions Listed above and on Any Attached Schedule.

Enter the total number of exemptions listed above and on any attached schedule.

## Determine Eligibility for Credit for Low Income Individuals

Using the number on Line 11 as Eligible Exemptions, compare the dollar amount on Line 10 to the Poverty Guideline below. If the Line 10 amount is greater than the Guideline, you do not qualify for the credit for low income individuals. Continue to Line 14. If the Line 10 amount is less than or equal to the Guideline for the number of exemptions on Line 10, complete Line 14 through Line 17, Schedule 760PY ADJ.

## Poverty Guideline Table

| Eligible <br> Exemptions | Poverty <br> Guideline | Eligible <br> Exemptions | Poverty <br> Guideline |
| :--- | :---: | :---: | :---: |
| 1 | $\$ 11,170$ | 5 | $\$ 27,010$ |
| 2 | 15,130 | 6 | 30,970 |
| 3 | 19,090 | 7 | 34,930 |

*For each additional exemption add $\$ 3,960$.

## Line 12 - Exemptions

If you are eligible based on the table above, enter the number of personal exemptions from Form 760PY.

## Line 14

Enter the amount of Earned Income Tax Credit (EITC) claimed on your federal return. If you did not claim an Earned Income Credit on your federal return, enter $\$ 0$. When a taxpayer using the married filing separately status computes the Virginia EITC, the taxpayer must first determine the proportion of the earned income that was used to qualify for the federal EITC. That proportion must then be multiplied by the total Virginia EITC, which is $20 \%$ of the federal EITC. The spouses may then claim their proportional share of the credit on their separate returns.

## Line 15

Multiply Line 14 by 20\% (.20).

## Line 16

Enter the greater of Line 13 or 15 .

## Line 17 - Credit

These credits are nonrefundable credits. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Form 760PY, Line 24 or Line 25, in addition to the low income credit or
the Virginia Earned Income Credit, the sum of all nonrefundable credit claimed cannot exceed your tax liability on Form 760PY, Line 19.
Many low income individuals who work and have earned income under $\$ 50,270$ may also qualify for up to $\$ 5,891$ in Federal Earned Income Credit when filing their federal tax return! See your federal instructions or call 1-800-829-3676 to order Pub 596.

## ADJUSTMENTS AND VOLUNTARY CONTRIBUTIONS

## Addition to Tax for Underpayment of Tax

Even if your return results in a refund, you may owe an "addition to tax" for underpaying your withholding or estimated tax. Virginia law requires that you pay your income tax in timely installments throughout the year by having income tax withheld or making payments of estimated tax. If you do not pay at least $90 \%$ of your tax in this manner, you may be charged an addition to tax.
There are four (quarterly) installment periods for determining whether you underpaid your tax for the year. If your taxable year is from January 1 through December 31, your quarterly payments are due May 1, June 15, September 15 and January 15 (of the following year). Underpayments are determined as of each installment due date, so an overpayment in one quarter cannot cancel out an underpayment for a previous quarter. The addition to tax does not apply if each payment is made on time and:

- the total tax paid through withholding and timely estimated tax payments is at least $90 \%$ ( $662 / 3 \%$ for farmers, fishermen or merchant seamen) of the current year's tax liability (after nonrefundable credits) or $100 \%$ of last year's tax liability (after nonrefundable credits);
- the sum of the quarterly underpayments for the year is $\$ 150$ or less; or
- you meet one of the exceptions computed on Form 760C or Form 760F.

## Line 18 - Addition to Tax

Enter the amount of the addition to tax computed on Form 760C (for individuals, estates and trusts) or Form 760F (for farmers, fishermen or merchant seamen). If you underpaid your estimated income tax or had insufficient income tax withheld for the taxable year, you may owe the "addition to tax" computed on Form 760C or Form 760F.

## Line 19 - Penalty

The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return section in these instructions.
Extension penalty: If you file your return within six months after the due date and the amount of tax due with the return is more than $10 \%$ of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of two percent per month or part of a month, from the due date through the date of filing. The maximum extension penalty is $12 \%$ of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of six percent per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of $30 \%$. The late payment penalty is imposed in addition to the extension penalty.

Late filing penalty: If you file your return more than six months after the due date, no extension provisions apply, and you must compute a late filing penalty of $30 \%$ of the tax due with your return.

## Line 20 - Interest

If you filed a tax due return after the filing date, you are liable for interest on the tax due amount on Form 760PY, Line 27, from the due date to the date filed or postmarked. To obtain the daily interest factor, please call (804)367-8031 or contact your locality. Enter the amount on Schedule 760PY ADJ, Line 20.

## CONSUMER'S USE TAX AND CONTRIBUTIONS

## Line 21 - Consumer's Use Tax

If the total amount of purchases were from out-of-state mail order catalog(s) ONLY and totaled $\$ 100$ or less for the entire year, you are not required to pay the use tax. If the purchases were from out-of-state mail order catalog(s) and exceed $\$ 100$ or the purchases were of any amount from sources other than mail order catalog(s), then you must report these purchases and pay consumer's use tax on the TOTAL amount of untaxed purchases from all sources delivered or used in Virginia during the calendar year
The tax is $5 \%$ of the total cost price except for food purchased for home consumption. The tax rate on these food purchases is $2.5 \%$.
You may enter the amount of the Consumer's Use Tax you owe on Schedule 760PY ADJ, Line 21 or file Form CU-7 to pay the Consumer's Use Tax. If you enter your Consumer's Use Tax amount on your Schedule 760PY ADJ, do not file Form CU-7.

## Line 24 - Total Adjustments

Add Lines 18-23c and enter here and on Form 760PY, Line 30.

## QUALIFYING AGE DEDUCTION

To compute your income based age deduction, use the Age 65 and Older Income based Age Deduction Worksheet on the following page.

## Are you eligible to claim an age deduction?

For 2012, taxpayers born on or before January 1, 1948, may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who qualifies to claim an age deduction may NOT also claim either of the following:

## - Disability Subtraction

If you qualify to claim an age deduction, you may not also claim a disability subtraction. For married taxpayers, each spouse, if eligible, may claim either an age deduction or a disability subtraction. You should claim the deduction or subtraction that gives you the greatest tax benefit.

## - Credit for Low Income Individuals or Virginia Earned Income Credit

You may not claim both an age deduction and a Credit for Low Income Individuals or Virginia Earned Income Credit on the same tax return. In addition, for married taxpayers filing separate returns, if one spouse claimed a Credit for Low Income Individuals or Virginia Earned Income Credit, then neither spouse can claim an age deduction.
If you are not claiming a disability subtraction and you, or your spouse if you are married, are not claiming a credit for low income and your birth date is on or before January 1, 1948, please read the instructions below to determine if you qualify for an age deduction and the amount of the age deduction you may claim for 2012.

## Taxpayers Age 65 and Older

If you, or your spouse if you are married, were born on or before January 1, 1948, you may qualify to claim an age deduction of up to $\$ 12,000$ each for 2012.
The age deduction you may claim will depend upon your birth date, filing status and income.
If your birth date is:

- On or before January 1, 1939

Your age deduction is not income based. You may claim an age deduction of $\$ 12,000$. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For a spouse born after January 1, 1939, the age deduction for that spouse is based on the criteria below.
Multiply the age deduction by the ratio amount from the Ratio Schedule on Page 28 when computing the deduction amount. Enter the adjusted amount on Form 760PY, Line 4.

- On or between January 2, 1939, and January 1, 1948

Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income based age deduction, is the taxpayer's adjusted federal adjusted gross income or "AFAGI".
A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments, minus Social Security and Tier 1 Railroad Benefits.

- For Filing Status 1, single taxpayer, the maximum allowable age deduction of $\$ 12,000$ is reduced $\$ 1$ for every $\$ 1$ the taxpayer's AFAGI exceeds $\$ 50,000$.
- For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of $\$ 12,000$ each is reduced $\$ 1$ for every $\$ 1$ the married taxpayers' joint AFAGI exceeds $\$ 75,000$.
To compute your income based age deduction, use the Age 65 and Older Income based Age Deduction Worksheet on the following page.

## Notice to ALL Married Taxpayers

A married taxpayer's income based age deduction is always determined using the married taxpayers' joint AFAGI. Regardless of whether you are filing jointly or separately, if you are married, your income based age deduction is determined using both your and your spouse's income.

In addition, if both spouses are claiming an income based age deduction, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first and then allocate half the joint age deduction to each spouse.

## AGE 65 AND OLDER INCOME BASED AGE DEDUCTION WORKSHEET

## Line 10 - Total

Enter the lesser of Line 5 or Line 9. Also enter on Form 760PY, Line 24.
Note: The sum of Schedule 760PY ADJ, Line 17 and Schedule OSC, Line 21 cannot exceed your tax liability. Lower the amount of this line if necessary to ensure sum does not exceed your tax liability.
Attach a complete copy of the state tax return filed in the state for which you claim the credit. Copies of Forms W-2, W-2G, 1099-R are not sufficient to verify payment of the tax to the other state.

## TAX RATE SCHEDULE

## IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over \$3,000, your tax is $\mathbf{2 \%}$ of your Virginia taxable income.

| over- | but not <br> over- | your tax <br> is- | of excess <br> over- |
| :--- | :--- | :--- | :--- |
| $\$ 3,000$ | $\$ 5,000$ | $\$ 60+3 \%$ | $\$ 3,000$ |
| $\$ 5,000$ | $\$ 17,000$ | $\$ 120+5 \%$ | $\$ 5,000$ |
| $\$ 17,000$ |  | $\$ 720+5.75 \%$ <br> Example | $\$ 17,000$ |

If your taxable income is $\$ 90,000$, your tax is $\$ 720+5.75 \%$ of the amount over $\$ 17,000$.
This equals $\$ 720+(.0575 \times \$ 73,000)=\$ 720+\$ 4,197.50=\$ 4,917.50$ which should be rounded to \$4,918.
