The Virginia Retail Sales and Use Tax Act provides an exemption from the state and local retail sales and use tax on multi-fuel heating stoves purchased to heat an individual purchaser's residence. "Multi-fuel heating stoves" are stoves that are capable of burning a wide variety of alternative fuels, including, but not limited to, shelled corn, wood pellets, cherry pits, and olive pits. This exemption will expire on July 1, 2012.

This exemption certificate is applicable only for purchases of multi-fuel heating stoves, and will not apply to purchases of any alternative fuel these stoves are capable of burning. This exemption certificate does not apply to purchases made for commercial use. Persons maintaining more than one residence must complete a separate certificate for each residence.
