PART V - CONTRIBUTIONS AND CONSUMER'S USE TAX

This schedule may be used to pay consumer's use tax and make voluntary donations to certain organizations as authorized by the General Assembly. Read the instructions below for information on limitations that apply. If you want to make other donations to these organizations or would like additional information, see the instruction book. *The amounts you enter on this schedule will reduce your refund or increase the amount you owe on Form 760PY or Form 763.*

Voluntary Contributions: The total of amounts you enter for the organizations listed on lines (a)-(p) may not be greater than the refund you are otherwise eligible to receive, but donations of any amount may be entered on lines (r) through (w3) even if you are not due a refund. If a payment is required for the amounts you enter on lines (r) through (w3), it will be included in computing the amount you owe on your return.

Consumer's Use Tax (Form 760PY filers only): Usually, you owe this tax if you purchased merchandise and did not pay sales tax. Typically, this happens when you shop by mail, internet, telephone or television from businesses that do not charge Virginia sales and use tax or when you purchase items tax-free while outside Virginia. Magazine and newspaper subscriptions are not taxed.

The consumer's use tax is 4 ½ % of what you paid for the item ("cost price"). "Cost price" does not include separately stated shipping or delivery charges, but it does include a "shipping and handling" charge if listed as a combined item on the sales invoice. If the total amount of purchases was from out-of-state mail order catalog(s) **only**, and \$100 or less for the entire year, you do not have to pay the use tax. If the purchases were from out-of-state mail order catalog(s) and exceed \$100 or any amount from other sources, then you must report this and pay consumer's use tax on the **TOTAL** amount of *untaxed* purchases from **all** sources *during the calendar year*. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings are exempt from consumer use tax.
