### GENERAL INSTRUCTIONS

Each section of Schedule CR notes the carryover period, if any, that applies to the credit. As a general rule, the maximum nonrefundable credit available is the amount on Schedule CR, Line 1, reduced by other credits claimed, regardless of order on Schedule CR. There are three refundable credits: Virginia Coal Employment and Production Incentive and Coalfield Employment Enhancement Tax Credit (computed on Form 306); and the Real Property Improvement Tax Credit component of the Enterprise Zone Credit (computed on Form 301). These refundable credits are reported in sections XXV and XXVI of Schedule CR. The combined total of nonrefundable and refundable credits is entered on Form 760, Line 23; Form 760PY, Line 18(g); or Form 763, Line 19(g).

If the total of your nonrefundable credits is larger than the balance of maximum nonrefundable credit available, the following rules will ensure that you receive the maximum benefit of your credits:

- Claim nonrefundable credits without a carryforward provision (such as credit for political contributions) first;
- Claim carryover credits from prior years next (in expiration order);
- Utilize current year credits in the order of their carryover provision next;
- Then report any unused credits as carryovers for succeeding taxable years to the extent allowed by law.

### MAXIMUM NONREFUNDABLE CREDITS

The total nonrefundable credits claimed on Schedule CR may not exceed the amount of tax shown on your return less the total amount reported for spouse tax adjustment, credit for tax paid to another state, and credit for low-income individuals or Virginia earned income credit.

A corporation may not claim this credit on any dwelling unit unless this credit for rental reductions was validly claimed on such dwelling unit for all or part of the month of December 1999 - no new owner applications are being accepted. Individuals, estates, trusts, corporations, banks, insurance companies and telecommunications companies may claim a Virginia tax credit if the taxpayer creates at least 100 new full-time jobs in connection with the establishment or expansion of a major business facility, and the company is engaged in a qualifying industry in Virginia. If a taxpayer is located in an enterprise zone or in an economically distressed area (as defined by the Virginia Department of Economic Development), the threshold is reduced from 100 to 50. Credits will be recaptured proportionately if employment decreases during the five years following the initial credit year.

This nonrefundable credit is equal to \$1,000 per each qualifying new job in excess of the 100/50 job threshold and is spread over three years. The credit only applies to facilities where an announcement to expand or establish such a facility was made on or after January 1, 1994. The credit must be claimed ratably over three taxable years, beginning with the taxable year following the year in which the facility is established or expanded, or the new qualifying jobs are added. Unused credits may be carried forward for the next ten taxable years.

To apply for this credit, complete Form 304. All applications must be submitted to the Department of Taxation, Tax Credit Unit, P.O. Please note that job expansion occurring during the 2004 taxable year will be eligible for this credit on the tax return for taxable year 2005 and not the return for 2004. Likewise, expansion occurring during 2005 will be eligible for the credit on tax returns for taxable year 2006.

The Department of Taxation is authorized to grant a total of \$100,000 in credits annually to businesses in severely economically distressed areas. The credit will be prorated among applicants if credit requests exceed the \$100,000 limit.
