GENERAL INSTRUCTIONS

Each section of Schedule CR notes the carryover period, if any, that applies to the credit. As a general rule, the maximum nonrefundable credit available is the amount on Schedule CR, Section 1, Part 1, Line 1A, reduced by other credits claimed, regardless of order on Schedule CR. There are five refundable credits: Virginia Coal Employment and Production Incentive Tax Credit, Coalfield Employment Enhancement Tax Credit (computed on Form 306), Motion Picture Production Tax Credit, Agricultural Best Management Practices Tax Credit and Research and Development Expenses Tax Credit. These refundable credits are reported in Section 3 of Schedule CR. The combined total of nonrefundable and refundable credits is entered on Form 760, Line 23; Form 760PY, Line 25; or Form 763, Line 25.

If the total of your nonrefundable credits is larger than the balance of maximum nonrefundable credit available, the following rules will ensure that you receive the maximum benefit of your credits:

- Claim nonrefundable credits without a carryforward provision (such as the credit for political contributions) first;
- Claim carryover credits from prior years next (in expiration order);
- Utilize current year credits in the order of their carryover provision next;
- Then report any unused credits as carryovers for succeeding taxable years to the extent allowed by law.

Partners of a partnership, shareholders of an S corporation, and members of a limited liability company may claim the amount of credit passed through to them by the partnership, S corporation, or limited liability company. Generally, distributions of a credit by a partnership, S corporation, or limited liability company to its partners, shareholders, and members are in proportion to their ownership or interest in the partnership, S corporation, or limited liability company. Any partnership, S-corporation, or limited liability company distributing a credit to its partners, shareholders, or members must give each owner a Schedule VK-1.

MAXIMUM NONREFUNDABLE CREDITS

The total nonrefundable credits claimed on Schedule CR may not exceed the amount of tax shown on your return less the total amount reported for spouse tax adjustment, credit for tax paid to another state, and credit for low-income individuals or Virginia earned income credit.

Licensed veterinarians, physicians, dentists, nurses, nurse practitioners, physician assistants, chiropractors, optometrists, dental hygienists, pharmacists, professional counselors, clinical social workers, clinical psychologists, marriage and family therapists, and physical therapists who donate their services for an approved clinic may also be eligible for credits. Recyclable Materials Processing Equipment Credit

For taxable years beginning on or after January 1, 2008, and before January 1, 2015, an income tax credit may be claimed for purchases made during the taxable year for machinery and equipment used exclusively in or on the premises of manufacturing facilities or plant units which manufacture, process, compound or produce items of tangible personal property from recyclable materials within the Commonwealth for sale. For the purposes of determining “purchase price paid”, the taxpayer may use the original total capitalized cost of such machinery and equipment, less capitalized interest. The credit is 10% of such expenditures and cannot exceed 40% of the taxpayer’s Virginia income tax liability for the year, computed prior to computing the credit. Any amount unused this year may be carried forward for the next ten taxable years.

The Virginia Department of Environmental Quality (DEQ) administers the certification of all recycling machinery and equipment. To claim this credit, you must have received pre-approval from DEQ certifying the equipment. Attach your certified DEQ Form 50-11S along with purchase receipts and invoices for the equipment purchase to the income tax return in order to receive the credit. For additional information on how to qualify for certification, contact the Department of Environmental Quality, Equipment Certification Officer, P.O. Box 1105, Richmond, VA 23218 or call 804-698-4145.

Conservation Tillage Equipment Credit

This credit may be claimed by an individual purchasing and using conservation tillage equipment for the purpose of agricultural production. The tax credit is 25% of conservation tillage equipment expenditures made, or $4,000, whichever is less. The term conservation tillage equipment means no-tillage planters and drills designed to reduce soil compaction, (including guidance systems to control traffic patterns that are designed to minimize soil disturbance) which may be attached to equipment already owned. Any amount unused this year may be carried over to the next five taxable years.

Attach a statement to your return showing purchase date, description and credit computation when claiming this credit.

Fertilizer and Pesticide Application Equipment Credit

The fertilizer and pesticide application equipment credit is 25% of all expenditures for equipment certified by the Virginia Soil and Water Conservation Board as providing more precise pesticide and fertilizer application, or $3,750, whichever is less. Vehicle Emissions Testing Equipment and Clean-Fuel Vehicle Credit

An income tax credit may be claimed for purchases, made while you were a Virginia resident, of vehicle emissions testing equipment and clean-fuel vehicles. The credit is 20% of the purchase or lease price paid during the taxable year for equipment certified by the Department of Environmental Quality (DEQ) for vehicle emissions testing within a locality required by law to implement an enhanced vehicle emissions inspection program or, after January 1, 1998, within any locality adjacent to those localities required to implement the program.

Emissions Testing Equipment Credit - You must attach a copy of the letter from DEQ to the equipment vendor certifying that the equipment configuration meets the regulation and equipment specification requirements for use in the enhanced vehicle emissions inspection program. To obtain a copy of this letter, contact your equipment vendor or the DEQ Northern Virginia Regional Office in Woodbridge at 703-583-3900. You are not required to submit a specific form for the emissions testing equipment credit.

Clean Fuel Vehicle Credit - You are not required to submit a specific form as part of your tax return to document the purchase of a clean-fuel vehicle. However, you should retain documentation to support your claim for the tax credit as an audit may be conducted to verify any credit claimed under these provisions.

Major Business Facility Job Tax Credit

Individuals, estates, trusts, corporations, banks, insurance companies and telecommunications companies may claim a Virginia tax credit if the taxpayer creates at least 50 new full-time jobs in connection with the establishment or expansion of a major business facility, and the company is engaged in a qualifying industry in Virginia. If a taxpayer is located...
in an enterprise zone or in an economically distressed area (as defined by the Virginia Department of Economic Development), the threshold is reduced from 50 to 25. Credits will be recaptured proportionately if employment decreases during the five years following the initial credit year.

This nonrefundable credit is equal to $1,000 per qualifying new job in excess of the 25/50 job threshold in enterprise zones or economically distressed areas. This credit is spread over two years for taxpayers whose credit year begins January 1, 2009 through December 31, 2012. (Please note that for taxpayers whose credit year begins on or after January 1, 2010, the thresholds have been reduced to 50/25 jobs.)

The credit only applies to facilities where an announcement to expand or establish such a facility was made on or after January 1, 1994. The credit must be claimed ratably beginning with the taxable year following the year in which the facility is established or expanded, or the new qualifying jobs are added. Unused credits may be carried forward for the next ten taxable years.

Box 715, Richmond, VA 23218-0715 90 days prior to the due date of your return. A letter will be sent to certify the credit. To claim this credit, complete Section 1, Part 9 of Schedule CR.

Foreign Source Retirement Income Tax Credit
A credit is available to Virginia residents who paid income tax to a foreign country on pension or retirement income derived from past employment in a foreign country provided such income is included in Virginia taxable income for the taxable year. For purposes of computing the credit, the foreign currency must be translated into U.S. dollars using the prevailing exchange rate that most nearly reflects the value of the currency at the time the taxes were actually paid to the foreign country. If you filed separately in the foreign country, but are filing jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the foreign country. For the purposes of this credit, possessions of the U.S. are considered foreign countries.

Any foreign country that does not qualify for the federal tax credit (under IRC § 901(j)) does not qualify for this Virginia credit. To claim this credit, complete Schedule CR and attach a copy of the return filed in the foreign country or other proof of tax payment to the foreign country.

Individuals, estates, partnerships, trusts or corporations incurring eligible expenses in the rehabilitation of a certified historic structure are entitled to claim a credit against the tax imposed by Va. To qualify, the cost of the rehabilitation must equal at least 50% (25% if the building is an owner occupied residence) of the assessed value of the building for local real estate tax purposes in the year preceding the start of the rehabilitation. Any unused credit may be carried forward for ten years. The rehabilitation work must be certified by the Virginia Department of Historic Resources as consistent with the Secretary of the Interior’s Standards for Rehabilitation. Applications for certification may be obtained from the Virginia Department of Historic Resources, 2801 Kensington Avenue, Richmond, VA 23221, 804-367-2323, or visit www.dhr.virginia.gov.

Day Care Facility Investment Tax Credit
A credit is allowed in an amount equal to 25% of the expenditures to establish a day-care facility for the children of employees, not to exceed $25,000. The total credits approved may not exceed $100,000 in any fiscal year. To be eligible for the credit: (1) the facility must be operated under a license issued by the Virginia Department of Social Services; (2) the building permit application for the facility must be submitted after July 1, 1996; (3) the facility must be used primarily by the children of the taxpayer’s employees; and (4) the Tax Commissioner must approve the credit application prior to claiming the credit. Low-Income Housing Tax Credit

Qualified Equity and Subordinated Debt Investments Credit
Taxpayers making a “qualified investment” in the form of equity or subordinated debt in a “qualified business” may be eligible for this credit. Businesses may apply for designation as a qualified business using Form QBA. The qualification is valid only for the calendar year of the application. Therefore, the business needs to reapply each year for qualification. To qualify, the business must (1) have annual gross revenues of no more than $3 million in its most recent fiscal year, (2) have its principal office or facility in the Commonwealth, (3) be engaged in business primarily in or having substantially all of its production in the Commonwealth and (4) have not obtained during its existence more than $3 million in aggregate gross cash proceeds from the issuance of its equity or debt investments (not including commercial loans from chartered banking or savings and loan institutions).

The credit equals 50% of the qualified business investments made during the taxable year. For the 2010 taxable year, the total amount of credit granted is limited to $5 million. For all other years, the total amount of credit granted is limited to $3 million. Beginning in 2009, one-half of this amount must be allocated to commercialization investments and the other half is available for all other qualifying investments. If credit applications for either half exceed the allowed amount, the credits for that half will be prorated. If credit applications for either half are less than the allowed amount, the balance will be available for allocation to the other type of credits. The total amount of credit that may be used per taxpayer per taxable year may not exceed $50,000. The credit is nonrefundable. Unused credits may be carried forward up to 15 years. Equity and debt investments held in connection with a qualified business investment must be held by the investor for at least three full calendar years following the calendar year for which the credit is allocated except in certain instances. If the holding period is not met, the unused credit amount will be forfeited, and an assessment will be issued for the amount used to which shall be added interest, computed at the rate of one percent per month, compounded monthly from the date the tax credits were claimed.
This credit requires pre-approval by the Department of Taxation. Investors must apply to the Department by April 1 of the year following the year the investment was made using Form EDC. Taxpayers filing Form EDC after April 1 will be denied this credit. All approved investors filing a timely Form EDC will be notified of the allowable credit by June 30. Since the tax return of most individuals is due May 1, most investors will need to file a return on extension or amend their original return to claim the credit.

Pass-Through Entities must file Form PTE with the Department of Taxation at least 60 days before filing their income tax return. A copy of the certification letter from the Department of Taxation is a required attachment to Form PTE.

Visit our website at www.tax.virginia.gov to obtain Form QBA, Form EDC and Form PTE. Information on the application process is also available from the Virginia Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715, or call 804-786-2992.

**Worker Retraining Tax Credit**

This credit allows an employer to claim a tax credit for the training costs of providing eligible worker retraining to qualified employees. “Eligible worker retraining” includes noncredit courses that are approved by the Department of Business Assistance and that are provided by any of the Commonwealth’s community colleges or a private school. Eligible worker retraining programs also include courses (credit, noncredit) undertaken through an apprenticeship agreement approved by the Virginia Apprenticeship Council. The credit is 30% of all training costs through a community college, or up to $100 annual credit for each employee if incurred at a private school. Employers must apply for certification of the amount of allowable credit using Form WRC, Worker Retraining Tax Credit, by April 1 of the year following the year in which the training expenses were paid or incurred, before claiming the credit on their income tax return. All approved businesses filing a timely Form WRC will be notified of their allowable credit by June 30. The maximum worker retraining credits granted to all employers is limited to $2,500,000 annually. If total credits approved exceed this amount, each will be prorated. The credit is allowable against individual income tax, fiduciary income tax, corporation income tax and the bank franchise tax. The credit is also allowable against taxes imposed upon insurance companies and utility companies (under Va. Code §§ 58.1-2500 et seq. and 58.1-2620 et seq. This credit is nonrefundable, but excess credit may be carried forward for the next three taxable years. To claim this credit, complete Section 1, Part 16 of Schedule CR. For information on pre-approved apprenticeship programs, contact the Virginia Department of Labor and Industry at 804-225-4362. For information on noncredit course approval, contact: Virginia Department of Business Assistance, P. O. Box 446, Richmond, VA 23218-0446, or call 804-371-8120.

**Waste Motor Oil Burning Equipment Credit**

A business that operates a business facility in Virginia that accepts waste motor oil from the public is allowed a tax credit equal to 50% of the purchase price paid for equipment used exclusively for burning waste motor oil at the business facility. The total credit allowed to any taxpayer in any taxable year of purchase is limited to $5,000. Taxpayers successfully applying for equipment certification with the Department of Environmental Quality by filing Form DEQ 50-12 will receive a statement from that agency certifying that the equipment is used for burning waste motor oil. For additional information concerning equipment qualifying for this credit or to apply for tax credit certification, contact Virginia Department of Environmental Quality, Attention: Equipment Certification Officer, P. **Credit for Purchase of Long-Term Care Insurance**

An individual may claim a credit equal to 15% of the amount paid by the individual during the taxable year in long-term care insurance premiums for long-term care insurance coverage for himself, but the total credits for any policy may not exceed 15% of the amount of premiums paid for the first 12 months of coverage. Any unused credit may be carried forward for the next five taxable years. In order to determine the amount of premiums that may be used as a basis for this credit, the individual must subtract any amount actually included as a deduction on Line 4 of Schedule A of the individual’s federal income tax return. In addition, the individual may not claim this credit to the extent the same premiums have been used to claim the Virginia deduction for long-term health care premiums. It may be possible, however, for an individual to claim this credit and the Virginia deduction in the same year. See the example below.

This credit is based on the amount paid during the taxable year, even if the months covered by the policy extend into the following taxable year. For example, if an individual purchased a policy on July 1 and paid for 12 months, he would base his credit on the entire payment, even though only six months of the coverage period would fall in the taxable year in which he claimed the credit. If, however, the individual made payments on a monthly basis, he would claim a credit in the current taxable year for six months of premiums and a credit in the second year for the next six months of premiums in order to reach the allowed total of 12 months. In that case, the individual could also claim a deduction in the second year for the six months of premiums that were not used as a basis for the credit. For more information, contact: Virginia Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715, or call 804-786-2992.

**Biodiesel Fuels Tax Credit**

Beginning on January 1, 2008, a credit is available for Virginia biodiesel and green diesel fuel producers who produce up to two million gallons of fuel per year. This credit is only available during the first three years of production.

**Form BFC** is used to apply to the Virginia Department of Taxation for a Biodiesel Fuels Credit after the Department of Mines, Minerals, and Energy has certified that you have satisfied all the requirements of Va. Code § 58.1-439.12:02.

The amount of the credit is $0.01 per gallon, not to exceed $5,000 annually. Any credit not used for the taxable year may be carried over to the next three taxable years. The amount of the credit allowed cannot exceed the tax liability for the tax year the credit is being claimed.

The amount of the credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company must be allocated to the individual partners, shareholders, or members in proportion to their ownership or interest within the business entity using Form PTE.

The credit may be transferred to another taxpayer. The transfer of the credit must be completed before the end of a tax year in order to use the credit for that tax year. For more information, contact: Virginia Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715, or call 804-786-2992.
**Livable Home Tax Credit**

Individuals or licensed contractors may be eligible for an income tax credit of up to $5,000 for the purchase/construction of a new accessible residence or up to 50% of the cost of retrofitting activities on an existing residence not to exceed $5,000. Any tax credit that exceeds the eligible individual’s or licensed contractor’s tax liability may be carried forward for up to seven years. If the total amount of tax credits issued under this program exceeds $1 million in a fiscal year, Virginia Department of Housing and Community Development (DHCD) will prorate the amount of credits among the eligible applicants. Individuals or licensed contractors must obtain pre-approval before claiming the credit on their income tax returns. Applications are to be filed with the DHCD by February 28 of the year following the year in which the purchase/construction or retrofitting was completed. Documentation must be submitted with the application. If you are using a carryforward amount from the Home Accessibility Tax Credit/Livable Home Tax Credit, please enter that amount in Section 1, Part 20, Line B. For the Home Accessibility Tax Credit/Livable Home Tax Credit, contractors must obtain pre-approval before claiming the credit on their income tax returns.

- **Riparian Forest Buffer Protection for Waterways Tax Credit**
  
  Individuals, grantor’s trusts and corporations may qualify for an income tax credit of 25% of the value of the timber on an area designated as a riparian buffer for a waterway. The credit may not exceed $17,500 or the total amount of tax, whichever is less. To apply for this credit, file Department of Forestry (DOF) Form 179 with DOF or apply online at www.dof.virginia.gov.

  A riparian buffer is land adjacent to a waterway on which timber may be harvested. In order to receive the credit, the owner of such land must refrain from harvesting more than 50% of such timber. The buffer must be at least 35 feet wide and no more than 300 feet. There must be a Stewardship Plan and annual certification of compliance for each tract. The buffer must remain in place for at least fifteen years. The land that is the subject of this credit cannot be the subject of this credit again for fifteen years after it was first taken. The credit may be carried over for the succeeding five taxable years.

**Land Preservation Tax Credit**

This tax credit is for taxpayers that convey land or interest in land located in Virginia to a public or private agency eligible to hold such land or interests therein for conservation or preservation purposes. The conveyance must be in perpetuity.

Credits granted prior to 2007 are 50% and the credits granted for 2007 and beyond are 40% of the fair market value, as substantiated by a “qualified appraisal” prepared by a “qualified appraiser”, as those terms are defined under applicable federal law and regulations governing charitable contributions. The credit limit for a taxpayer has been $100,000. However, for taxable years 2009, 2010 and 2011 the total amount of credit that may be used per taxpayer per taxable year may not exceed $50,000 or the tax liability, whichever is less. For taxpayers affected by the 2009 and 2010 usage limit, an additional 2 year carryforward will be added to the credit. For taxpayers affected by the 2011 usage limit, an additional 3 years carryforward will be added to the credit. Any unused credit not affected by the carryforward will remain the original carryforward periods (5 years for donations originating prior to January 1, 2007 and 10 years for donations originating on or after January 1, 2007).

Any taxpayer holding a Land Preservation tax credit that originated on or after January 1, 2002, may transfer unused but otherwise allowable credit for use by another taxpayer on Virginia income tax returns. Transfers and pass-through allocations derived from donations recorded on or after January 1, 2007, are subject to a fee. See Schedule A of Form LPC-1 or Form LPC-2 for further information.

If this credit is taken, for the next three years taxpayers cannot take a subtraction for the gain on the sale of land or easements dedicated to open-space use. A subtraction is allowed for any gain or income recognized by a taxpayer on the application of a Land Preservation tax credit against a Virginia income tax liability to the extent the gain is included in and not otherwise subtracted from federal adjusted gross income. The transfer of the credit and its application against a tax liability shall not create gain or loss for the transferor or the transferee.

Before claiming the credit, complete and file Form LPC-1 and/or Form LPC-2 with the Department of Taxation at least 90 days before filing an annual return. Additionally, applicants filing for tax credits of $1 million or more must apply to the Department of Conservation and Recreation to receive verification of the conservation value. The Department of Taxation will issue a letter acknowledging the amount of the credit. For assistance contact the Virginia Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715, or call 804-786-2992.

**Community of Opportunity Tax Credit**

Community of Opportunity Tax Credit provides Virginia income tax credits to landlords with qualified housing units located in census tracts with poverty rates of less than ten percent in the Richmond Metropolitan Statistical Area who participate in the Housing Choice Voucher program.

The amount of tax credit for an eligible property will be based on ten percent of annual Fair Market Rent for the specific unit and prorated when units are qualified for less than the full tax year. Prorations will be based on full calendar months. A landlord may receive tax credits on one or more units within the same tax year. Credits taken for any one tax year cannot exceed the tax liability for that year. Credits not taken for the year for which they are allocated may be carried forward, but cannot be carried forward for more than five years.

Should eligible applications received by the March 1 deadline exceed the annual appropriation, tax credits will be prorated based on the total amount of qualified requests received and the total amount of credits available. If the annual appropriation for tax credits is not fully allocated based on qualified applications received by the March 1 deadline, the remaining balance will be allocated on a first-come first served basis. Unused balances will not be allocated more than three years after the tax year in which they were first made available.

Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders in proportion to their ownership or interest in such business entity. The landlord must assume responsibility for distributing credits in this manner. No person shall be allowed a tax credit under Va. Code § 58.1-339.9 (Rent reductions tax credit) and
the COP tax credit for the rental of the same dwelling unit in a taxable year.

For additional information, please contact: Virginia Department of Housing and Community Development, Main Street Centre, 600 East Main Street, Suite 300, Richmond VA 23219, or call 804-371-7000.

Each taxpayer is allowed a credit for up to 350 new green jobs. In order to qualify for the tax credits, the taxpayer must have created the green job and filled it during the taxable year in which the credit is claimed. Farm Wineries and Vineyards Tax Credit
An individual and corporate income tax credit is available for Virginia farm wineries and vineyards in an amount equal to 25% of the cost of all qualified capital expenditures made in connection with the establishment of new Virginia farm wineries and vineyards and capital improvements made to existing Virginia farm wineries and vineyards.

The total amount of tax credits available for a calendar year cannot exceed $250,000. If applications for this credit exceed $250,000, the Department of Taxation will allocate the credits on a pro rata basis. Any credit amounts that exceed a taxpayer’s liability can be carried forward for ten years. Taxpayers cannot claim both this credit and a federal deduction for the same expenses under IRC § 179.

The business must apply by April 1st using Form FWV. Submitting a late application will disqualify you from the credit. All applications must be sent to the Virginia Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715. This credit requires certification from the Tax Credit Unit to be claimed on your tax return. A letter will be sent to certify the credit. For assistance contact the Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715 or call 804-786-2992.

Port Volume Increase Tax Credit
An individual and corporate income tax credit is available for taxpayers engaged in the manufacturing of goods or the distribution of manufactured goods that use Virginia port facilities and increase port cargo volume through these facilities.

To qualify for the credit, a taxpayer must generally increase its port cargo volume at Virginia port facilities in a single calendar year by 5% over its base year port cargo volume. Base year port cargo volume is equal to the total amount of net tons of noncontainerized cargo or 20-foot equivalent units (TEUs) of cargo actually transported by way of a waterborne ship or vehicle through a port facility during the 2010 calendar year. The amount of the credit is generally equal to $50 for each TEU above the base year port cargo volume. However, a qualifying major facility may apply for a credit equal to $50 for each TEU transported through a port facility during the major facility’s first calendar year.

Any taxpayer claiming this credit must first submit an application to the Virginia Port Authority by March 1 of the calendar year after the taxable year in which the increase in port cargo volume occurs. The maximum amount of tax credits is capped at $3.2 million for each calendar year. If, on March 15 of each year, the cumulative amount of tax credits requested by qualifying taxpayers for the prior year exceeds $3.2 million, the credits will be prorated among the qualifying taxpayers who requested the credit. A qualifying taxpayer is generally not permitted to receive more than $250,000 each calendar year. However, if, on March 15 of each year, the $3.2 million credit amount is not fully allocated among qualifying taxpayers, those taxpayers who have already been allocated a credit for the prior year are allowed a pro rata share of the remaining credit amount. Any unused tax credits may be carried over for five taxable years.

For more information, contact: Virginia Port Authority, 600 World Trade Center, Norfolk, VA 23510, or call 800-446-8098.

Barge and Rail Usage Tax Credit
An income tax credit is available for transporting cargo containers by barge and rail rather than by trucks or other motor vehicles on the Commonwealth’s highways. The amount of the credit is $25 per 20-foot equivalent unit moved by barge or rail rather than by trucks or other motor vehicles on Virginia’s highways. Containers for which this credit is claimed must result from a diversion of shipments from the highways. To receive a credit, an international trade facility is required to apply to the Virginia Department of Taxation.
No more than $1.5 million in tax credits can be issued in any fiscal year. The Department will determine the allowable credit amount for the taxable year and provide a written certification of the credit amount to each taxpayer.

The business must apply by April 1st using Form BRU. Submitting a late application will disqualify you from the credit. All applications must be sent to the Virginia Department of Taxation, Tax Credit Unit, P.O. Box 715, Richmond, VA 23218-0715. This credit requires certification from the Tax Credit Unit to be claimed on your tax return. A letter will be sent to certify the credit. For assistance contact the Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715 or call 804-786-2992.
