Virginia Form BFC Biodiesel and Green Diesel Fuel Tax Credit Application

General Information

A credit is available for Virginia biodiesel and green diesel fuel producers who produce up to 2 million gallons of fuel per year. This credit is only available during the first 3 years of production. Corporate and individual taxpayers may claim a nonrefundable credit against their tax liability for the production of these fuels.

Form BFC is used to make a claim to the Virginia Department of Taxation for a Biodiesel and Green Diesel Fuel Producers Tax Credit after the Virginia Department of Energy has certified that you have satisfied all the requirements of *Va. Code* § 58.1-439.12:02.

Credit Amount

The amount of the credit is \$0.01 per gallon, not to exceed \$5,000 annually.

Carryover Provision

Any credit not used for the taxable year may be carried over to the next 3 taxable years. The amount of the credit allowed cannot exceed the tax liability for the taxable year the credit is being claimed.

Credit Transfers

The credit may be transferred to another taxpayer. The transfer of the credit must be completed before the end of a taxable year in order to use the credit for that taxable year.

Definitions

Biodiesel fuel — a fuel composed of mono-alkyl esters of long-chain fatty acids derived from vegetable oils or animal fats, designated B100, and meeting the requirements of ASTM D6751.

Green diesel fuel — a fuel produced from nonfossil renewable resources including agricultural or silvicultural plants, animal fats, residue and waste generated from the production, processing, and marketing of agricultural products, silvicultural products, and other renewable resources, and meeting applicable ASTM specifications.

Feedstock — the agricultural or other renewable resources, whether plant or animal derived, used to produce biodiesel or green diesel fuels.

Producer — any person, entity, or agricultural cooperative association, as defined in the Agricultural Cooperative Association Act that, in a calendar year, produces in the Commonwealth up to 2 million gallons of biodiesel or green diesel fuels using feedstock originating domestically within the United States.

When to Submit Form BFC

To avoid delays in the processing of your annual return, Form BFC should be submitted to the Department within 90 days of the credit origination or the transfer of the credit, but at least 60 days before you file your annual return to claim the credit.

IMPORTANT: All business taxpayers should be registered with the Department before completing Form BFC. If you are not registered, complete Form R-1.

Enclosure Requirements

Enclose a copy of the certificate issued by the Department of Energy.

Pass-Through Entities

Each pass-through entity must file Form PTE with the Department when allocating this credit to its participants. Form PTE should be filed within 30 days after the credit is granted, but at least 90 days prior to the participants filing their income tax returns. Failure to file Form PTE may result in the credit claim being disallowed and/or a delay in processing the participant's return. This information should be sent to: Virginia Department of Taxation, ATTN: Tax Credit Unit, P.O. Box 715, Richmond, VA 23218-0715 or you may fax it to (804) 774-3902. Do not do both.

All pass-through entities distributing this credit to its participants, including owners, shareholders, partners, or members, must give each such participant a Schedule VK-1, Owner's Share of Income and Virginia Modifications and Credits.
