New Additional Local Option Tax Charlotte, Gloucester, Halifax, Henry, Northampton and Patrick Counties

There are several localities that have adopted an additional 1% local option sales and use tax. Changes were effective July 1, 2020 in Halifax County; April 1, 2021 in Henry County; and July 1, 2021 in Charlotte, Gloucester, Northampton and Patrick Counties. This tax is in addition to the one percent general local sales and use tax authorized under current law. The additional tax will not be levied on essential personal hygiene products or food purchased for human consumption that is taxed at a reduced rate. Refer to Form ST-8S to report taxable sales in these localities. More information is available on the website www.tax.virginia.gov.

Retail Sales and Use Taxes on Room Rentals

Beginning September 1, 2021, the retail sales and use tax will be levied upon the total charge for room rentals, including any accommodations fees charged by accommodations intermediaries. When an accommodation provider contracts with an intermediary to facilitate a room rental transaction and the intermediary collects an amount from the customer that includes a charge for the intermediary's services in addition to the room rental charge, the intermediary is deemed the dealer for the transaction. The intermediary must separately state the taxes on the invoice, collect tax on the entire amount paid by the customer, and remit the tax as required.

If the accommodations are a hotel, the intermediary is required to remit the sales tax collected on the accommodations fee to the Department of Taxation and the rest of the sales tax collected to the hotel for the hotel to remit on its own. If the accommodations provided are not a hotel, the intermediary must remit all of the sales tax collected on the transaction to the Department.

Essential Personal Hygiene Products Tax

Effective January 1, 2020, certain personal hygiene products qualify for reduced sales and use tax rate. The state retail sales and use tax rate on certain personal hygiene products is one and one-half percent. The one percent local sales and use tax rate is also applicable to these purchases. This results in a combined tax rate of two and one-half percent on essential personal hygiene products. Personal hygiene products subject to the reduced rate are exempt from the additional one percent sales and use tax in the Historic Triangle and the 0.7 percent tax in Northern Virginia, Hampton Roads and Central Virginia.

Essential personal hygiene products are defined as: (i) nondurable incontinence products such as diapers, disposable undergarments, pads, and bed sheets and (ii) menstrual cups and pads, pantyliners, sanitary napkins, tampons, and other products used to absorb or contain menstrual flow. "Essential personal hygiene products" does not include any item that is otherwise exempt. More information is available on the website www.tax.virginia.gov.

Remote Sales and Use Tax Collection

Beginning July 1, 2019, remote sellers and marketplace facilitators who sell or facilitate the sale of more than \$100,000 in annual gross revenue from retail sales into the Commonwealth ("gross revenue") or 200 or more annual transactions to Virginia customers must register for the collection of the tax.

Definition of Qualifying Food

Food for home consumption by humans, as defined under the Food Stamp Act of 1977, 7 U.S.C. § 2012, qualifies for the reduced sales tax rate. The definition includes most staple grocery food items and cold prepared foods packaged for home consumption. Specifically excluded from the definition of food for home consumption are alcoholic beverages, tobacco and prepared hot foods sold for immediate consumption on and off the premises. The reduced sales and use tax rate does not apply to seeds and plants which produce food for human consumption.
