## What's New

**Virginia's Fixed Date Conformity with the Internal Revenue Code:** Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2018 to December 31, 2019, subject to certain exceptions. Additional information about conformity adjustments and other legislative changes required as a result of the 2020 General Assembly are addressed in Tax Bulletin 20-1 posted on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts.

**Report of Change in Federal Taxable Income:** Recent legislation clarifies when taxpayers must report federal adjustments to the Department, effective July 1, 2020. Additional instructions are provided in the Amended Returns section of these instructions.

**Amended Return Reason Codes:** Taxpayers filing amended returns must now use codes to indicate the reason the return is being amended. See the Amended Returns section of these instructions for a list of the new amended reason codes.

**Changes to Certain Itemized Deductions:** Individuals will continue to reference the instructions for Federal Schedule A (Form 1040) when itemizing deductions, but with certain exceptions.

For taxable years beginning on or after January 1, 2019, Virginia deconforms from the suspension of the overall limitation on itemized deductions, commonly known as the Pease limitation. For Taxable Year 2020, Virginia will deconform from the increase in the medical expense deduction. See Virginia Schedule A and the Schedule A Instructions for more information.

**New Addition and Subtraction Codes Related to Partnership-Level Federal Adjustments:** For taxable years beginning on and after January 1, 2020, if an individual partner is required to amend their Virginia return because of partnership-level federal adjustments, use new addition or subtraction codes. See the instructions for the Schedule 760 ADJ, starting on Page 16 of this booklet.

**Recyclable Materials Tax Credit Changes:** For taxable years beginning on and after January 1, 2020, but before January 1, 2025, taxpayers may claim the Recyclable Materials Processing Equipment Tax Credit for machinery and equipment used predominantly in or on the premises of facilities that are predominantly engaged in advanced recycling. "Advanced recycling" is defined as the operation of a single-stream or multi-stream recycling plant that converts waste materials into new materials for resale by processing them and breaking them down into their raw constituents. This includes the operation of a materials recovery facility or materials reclamation facility that receives, separates, and prepares recyclable materials for sale to end-user manufacturers. See Schedule CR Instructions for more information.

**Changes to Research and Development Tax Credits:** For taxable years beginning on and after July 1, 2020, the application due date for the Forms MRD and RDC has been extended from July 1 to September 1 of the calendar year following the close of the taxable year in which expenses related to these credits were paid or incurred.

**Motion Picture Tax Credit Changes:** For taxable years beginning on and after July 1, 2020, but before January 1, 2027, the Virginia Film Office within the Virginia Tourism Authority may issue and a taxpayer may claim Motion Picture Production Tax Credits in future fiscal years other than the taxable year in which the Virginia production activities are completed. The Department is prohibited from paying interest on any prospective or future credits issued. See Schedule CR Instructions for more information.

**Communities of Opportunity Tax Credit Changes:** For taxable years beginning on or after January 1, 2020, but before January 1, 2025, landlords renting a qualified housing unit located in an eligible census tract within the Washington-Arlington-Alexandria Metropolitan Statistical Area may qualify for the Communities of Opportunity Tax Credit. Under prior law, only landlords with qualified housing units located on eligible census tracts within either the Richmond Metropolitan or Virginia Beach-Norfolk-Newport News Metropolitan Statistical Areas qualified for the credit. See Schedule CR Instructions for more information.

A sunset date of January 1, 2025, has been imposed on the credit.

**Green Job Creation Tax Credit Sunset Date Extension:** The sunset date for the Green Job Creation Tax credit has been extended from January 1, 2021, to January 1, 2025.

## Reminders

**Extension for Filing Income Tax Returns:** All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 7601P, by the original due date for filing the return.

You can file and pay your tentative tax online using the Department's eForms or Individual Online Services. Payments are made electronically and you may schedule payments to be made on a future date.

**Electronic Filing Requirements for Certain Taxpayers:** Individuals are required to file and remit payment using an electronic medium if (i) any installment payment of estimated tax exceeds or can reasonably be expected to exceed \$7,500, (ii) any payment made with regard to a return or extension of time to file exceeds \$7,500, or (iii) the taxpayer's estimated total tax liability exceeds \$30,000. If any of the thresholds above apply to you, all future individual income tax payments must be made electronically. This includes all payments for estimated taxes, extensions of time to file, and any other amounts due when a return is filed.

**Consumer's Use Tax:** If you purchased merchandise by Internet, telephone, or mail, or you purchased any merchandise outside Virginia and paid no sales tax you may be required to pay Consumer's Use Tax. Report the applicable tax on Form 760, Line 33.

**Litter Tax:** Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters
- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

File and pay your Litter Tax Return online using the Department's eForms. Complete the online version of the Litter Tax Return as you would if you were completing a paper form. Payments are made electronically and you may schedule payments to be made on a future date.

If you are unable to file and pay electronically you may request a waiver. You can obtain the waiver request form at [www.tax.virginia.gov](http://www.tax.virginia.gov) or by calling **804.367.8037**.

**Civil and Criminal Penalties:** The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

**Debt Collection:** Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.

In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.

Because of timing differences in obtaining funds from various sources, it is possible for us to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

**Direct Deposit:** Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for details.

**Tax-Related Identity Theft:** Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. ## Do You Need to File a Virginia Income Tax Return?

---

Every Virginia resident whose Virginia adjusted gross income is at or above the minimum threshold must file.

Complete Form 760, Lines 1 through 9, to determine your Virginia adjusted gross income (VAGI). If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, complete Lines 10 through 15 and enter "0" as your tax on Lines 16 and 18. Then complete Lines 19 through 36. You must file if you are:

**Single** and your VAGI is \$11,950 or more

**Married filing jointly** and *combined* VAGI is \$23,900 or more

---

## When to File Your Return

---

**Filing by mail or commercial delivery service** - If you are mailing several documents, please consider using a flat envelope to ensure proper handling and faster processing. When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if they are received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

**Calendar year filer** - If your taxable year is January 1, 2020 - December 31, 2020, your individual income tax return must be postmarked no later than **May 1, 2021**, to avoid penalties and interest. When the last day on which a tax return may be filed or a tax may be paid falls on a Saturday, Sunday or legal holiday, you may file and make payment without penalty or interest on the next succeeding business day.

**Fiscal year filer** - If your taxable year is any consecutive 12-month period other than January - December, your individual income tax return must be postmarked by the 15th day of the 4th month following the end of your fiscal year. When filing, you should write "Fiscal Year Filer" across the top of Page 1 of Form 760 and enclose a statement indicating the beginning and ending months of your fiscal year.

**Outside U.S.** - If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by **July 1, 2021**. Fill in the overseas on due date oval on Page 1 of Form 760.

**Weekends and holidays** - If the due date falls on a Saturday, Sunday or legal holiday, your return must be postmarked by the next business day.

**Extension provisions** - Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers, to avoid penalty. To make a payment of tentative tax, use Form 760IP.

**Foreign income exclusion** - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the federal exclusion. You must apply for an extension of time to file your state return by letter on or before the 1st day of the 7th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.

**Members of the military** - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of correspondence, and on the envelope used to mail the correspondence, when responding to notices issued by the Department. See Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov) for more information.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of their due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

Additional information for spouses of military personnel is provided in the **Residency Status and Choosing the Right Form to File** section later in this booklet.

## Where to File

---

Use e-File to electronically file your federal and state tax returns at the same time. Software programs that provide e-File capability are available online and for purchase in stores. All e-File software will automatically check for completeness, correct errors, generate the applicable schedules and provide the option to transmit the return to the IRS and/or the Department's electronic processing systems. Some vendors will allow taxpayers to file their returns electronically for free based on certain qualifiers.

To file by mail, use the list of mailing addresses beginning on Page 43 and look up the city or county where you live, or file directly with the Department. Local phone numbers are also provided.

For more information about filing by e-File and filing by mail, go to [www.tax.virginia.gov](http://www.tax.virginia.gov).

## Amended Returns

---

Individuals are required to report to the Department federal adjustments and pay any additional amounts due within one year after the final determination date of such adjustments ("the one-year requirement"). For the purposes of the one-year requirement, the "final determination date" is defined as one of the following:

- If the federal adjustment is the result of an audit or other action by the IRS, the final determination date is defined as the first day on which no federal adjustments arising from that audit or other action remain to be finally determined. For agreements required to be signed by

the IRS and the taxpayer, the final determination date is defined as the date on which the last party signed the agreement.

- If the federal adjustment is the result of an audit or other action by the IRS, and the taxpayer filed as a member of a Virginia combined or consolidated return, the final determination date is defined as the first day on which no related federal adjustments arising from that audit remain to be finally determined for the entire group.
- If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request or if it is a federal adjustment reported on an amended federal return or other similar report, the final determination date is defined as the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed.

If the IRS provided documentation that acknowledges acceptance of your federal amended return, enclose a copy with the Virginia amended return.

If you are an owner of a partnership and receive Form 502FED-1, Virginia Partnership-Level Federal Adjustments Report, from the partnership and need to file an amended Virginia return in order to report the distributive share of the partnership-level adjustment, you must enclose a copy of Form 502FED-1 with the amended return.

Any taxpayer filing an amended federal return must also file an amended state return and must pay any additional tax and interest due, if applicable.

If you file an amended return with any other state that affects your Virginia income tax, you must file an amended Virginia return within one year. The Department may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

**Complete a new return using the corrected figures, as if it were the original return. Do not make any adjustments**

**to the amended return to show that you received a refund or paid a balance due as the result of the original return.** Use the worksheet for amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return. If your amended return results in additional tax due, interest must be paid on the tax you owe from the due date of your original return to the date that the amended return is filed or postmarked.

**Amended Return**

If you are filing an amended return, fill in the amended return oval. In addition, enter the appropriate amended return reason code (see below) in the space provided. Select the reason code that best indicates why your return is being amended and enclose the appropriate documentation.

**Residency Status and Choosing the Right Form to File**

- There are two types of Virginia residents: domiciliary and actual.
- A domiciliary resident of another state may also be an actual resident of Virginia.
- Virginia residency may be either full-year or part-year.
- A nonresident of Virginia may be required to file a Virginia return.
- To determine which Virginia return you should file, first determine if you were a resident of Virginia at any time during the taxable year.

**Step 1: Determine your residency status**

**Domiciliary Resident**

You are a domiciliary (legal) resident if your permanent home is in Virginia. Your permanent home is where, whenever you are absent, you intend to return. Every person has one and only one domiciliary residence at a time. Most domiciliary residents actually live in Virginia; however, actual presence in Virginia is not required. If you have established legal domicile in Virginia, you are a domiciliary resident until you establish legal domicile in another state.

- Members of the armed forces who claim Virginia as their home of record are domiciliary residents, even if stationed outside of Virginia.
- A domiciliary resident who accepts employment outside of Virginia, but who does not abandon Virginia as their domiciliary residence, even if outside of Virginia for many years, remains a domiciliary resident of Virginia. This includes domiciliary residents who accept employment outside of the United States.

**Actual Resident**

You are an *actual* resident if:

You maintained an abode in Virginia or were physically present in Virginia for more than 183 total days during the taxable year, even if you are a domiciliary resident of another state or country.

If you are an *actual* resident of Virginia, you may be required to file as a resident in Virginia and in your domiciliary state. In this situation, you should claim a credit on the return filed in the state of your legal domicile for taxes paid to Virginia.

**Students:** The rules for determining the residency status of a student are the same as for anyone else.

**Military Personnel and Members of the U.S. Congress:** If you are a member of the armed forces or of the U.S. Congress

who is a domiciliary (legal) resident of another state, you are not subject to taxation as an *actual* resident of Virginia even if you maintained an abode in Virginia for more than 183 days. However, if you have income from Virginia sources other than your active duty or congressional pay, you may be required to file a Form 763, Nonresident Income Tax Return.

**Spouses, Dependents and Congressional Staff Members:**

The exemption for members of the armed forces and the U.S. Congress does **not** apply to spouses (see below), dependents or congressional staff members. If you are a spouse or dependent of a member of the armed forces or of the U.S. Congress or you are employed by a member of the U.S. Congress, you must determine your own residency status and filing obligations, even if you filed a joint federal return.

**Spouses of Military Personnel:** For Taxable Year 2018 and after, the Servicemember Civil Relief Act (SCRA), as amended by Veterans Benefits and Transition Act, provides that the spouse of a servicemember may elect to use the same residence for state tax purposes as that of the servicemember. Under the SCRA, an electing spouse of a military servicemember may be exempt from Virginia income tax on wages if the servicemember is present in Virginia in compliance with military orders. More information is available in Tax Bulletin 19-2 available on the website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

**Step 2: Determine which income tax return you should file**

**Virginia Residents**

**File Form 760, Resident Return, if:**

- You were an actual or domiciliary resident for the entire year; or
- You were an actual or domiciliary resident for a portion of the year, but all of your income for the entire year was from Virginia sources.

**File Form 760PY, Part-Year Resident Return, if:**

- You moved into Virginia during the taxable year and became either an actual or domiciliary resident; or
- You moved out of Virginia during the taxable year *and* became a domiciliary resident of another state, provided that you did not move back to Virginia within six months.

**Note to Part-Year Residents:** If you had Virginia source income during the taxable year while you were a nonresident, you may also be required to file Form 763, Nonresident Return. See Nonresidents, below.

**Married Taxpayers:** If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make an election, the resident spouse will file either Form 760 or Form 760PY, while the nonresident spouse will file Form 763, if applicable. However, if one spouse is a full-year resident and the other spouse is a part-year resident, you may file a joint return using Form 760PY. See the Form 760PY instructions for additional information.

**Nonresidents**

**File Form 763, Nonresident Return, if:**

You had income from Virginia sources, other than interest from personal savings accounts, interest or dividends from an individual stock market investment, or pension payments from a Virginia payor.

Income from Virginia sources includes:

1. Items of income gain, loss and deductions attributable to: a) The ownership of any interest in real or tangible personal property in Virginia; b) A business trade, profession, or occupation carried on in Virginia; and c) Prizes paid by the Virginia Lottery and gambling winnings from wagers placed or paid at a location in Virginia.
2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state.

If you were a Virginia resident for part of the year and you also received Virginia source income during your period of residence outside Virginia, you must file Form 760PY and Form 763. The Virginia source income reported on Form 763 will be only the Virginia source income you received while a nonresident.

**Exceptions for Certain Nonresidents**

An exception to the filing requirement for nonresidents applies to certain residents of Kentucky, the District of Columbia, Maryland, Pennsylvania, and West Virginia if their only Virginia source income is from salaries and wages. See below for qualifications. If residents of these states received other income from Virginia sources that is not specifically exempted, it must be reported as Virginia source income on Form 763, the Virginia Nonresident Return.

**Kentucky and the District of Columbia:** If you were a resident of Kentucky or the District of Columbia who commuted daily to work in Virginia, you are not required to file a Form 763 Nonresident Return, provided that 1) you had no actual place of abode in Virginia at any time during the taxable year, and 2) your only income from Virginia sources was salaries and wages, and 3) your salary and wages were subject to income taxation by Kentucky or the District of Columbia.

**Maryland, Pennsylvania and West Virginia:** If you were a resident of Maryland, Pennsylvania or West Virginia and you earned salaries and wages in Virginia, you do not have to file a Form 763, Nonresident Return, provided that 1) your only income from Virginia sources was salaries and wages, and 2) you were present in Virginia for 183 days or less during the taxable year, and 3) your salaries and wages were subject to taxation by Maryland, Pennsylvania, or West Virginia.

**Spouses of Military Personnel:** Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely

to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

**Tax Withheld in Error by Employer:** If Virginia tax was withheld from your income in error, you should file Form 763-S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763-S, Virginia Special Nonresident Claim For Individual Income Tax Withheld, to claim your refund.

It is requested for taxpayer identification purposes as part of ongoing efforts to combat identity theft and fraud.

### Filing Status

In most cases, your filing status will be the same as the one you selected on your federal return. Enter the applicable number to indicate your filing status.

1 = Single

2 = Joint

3 = Married filing separately

Fill in the Head of Household oval if your filing status is Single and you checked the Head of Household box on your federal return. For more information, go to the filing status section on the Departments's website: [www.tax.virginia.gov](http://www.tax.virginia.gov).

If using Filing Status 3, enter the spouse's Social Security Number at the top of the form and the spouse's name on the line provided.

If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make such election, the resident spouse must file a separate return (Form 760) using Filing Status 3. If the nonresident spouse has Virginia source income to report, he or she must file a separate return using Form 763. The spouses must compute their itemized deductions and allocate exemptions for dependents as if they had filed separate federal returns. As a general rule, the spouse claiming an exemption for a dependent must be reporting at least half of the total federal adjusted gross income. In addition, each spouse must be able to support their claim of itemized deductions. If the underlying expenses for itemized deductions cannot be accounted for separately, each spouse must claim a proportionate share of the deductions based on their respective share of the joint federal adjusted gross income.

### Exemptions

Enter the number of exemptions allowed in the boxes.

**Dependents:** Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

**Multiply the sum of exemptions claimed in the "You," "Spouse" and "Dependents" boxes by \$930.**

**65 or Older:** To qualify for the additional personal exemption for age 65 or older, you must have been age 65 or older on or before January 1, 2021.

**Blind:** To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

**Multiply the sum of exemptions claimed for "65 or older" and "Blind" by \$800.**

**Low-Income Individuals:** You cannot claim the 65 or older or Blind exemptions if you also claimed a Credit for Low-Income Individuals on Line 23 of Form 760.

**Exemption Amount:** Add the dollar amount from Section A to the dollar amount from Section B. Enter this amount on Line 12.

**Note for Filing Status 3:** Each spouse must determine exemptions as if separate federal returns had been filed, using the federal rules for separate reporting. If dependent exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income. One spouse may never claim less than a whole personal exemption.

To compute the age deduction, use the calculator at [www.tax.virginia.gov](http://www.tax.virginia.gov) or this worksheet.

## Dollar Amounts

All amounts entered on your return **must be rounded to the nearest dollar**. Amounts less than 50 cents should be rounded down while all amounts of 50 cents - 99 cents should be rounded up. Rounding to the nearest dollar improves accuracy and reduces processing time.

### Line 1. Federal Adjusted Gross Income

Enter the federal adjusted gross income from your federal return. If married filing separately (Filing Status 3), enter only the amount of income attributable to you. Be sure to use the federal adjusted gross income amount, NOT federal taxable income.

### Line 2. Additions

If you reported any additions on Schedule ADJ, enter the total amount from Line 3 of Schedule ADJ.

**Line 3.** Add Lines 1 and 2 and enter the total.

### Line 4. Age Deduction

**Are you eligible to claim an age deduction?** For the 2020 taxable year, taxpayers born on or before January 1, 1956, may qualify to claim an age deduction based on their birth date, filing status and income. A taxpayer who claims an age deduction may **NOT** claim a disability income subtraction, Credit for Low-Income Individuals, or Virginia earned income credit.

For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if one spouse claimed a Credit for Low-Income Individuals or Virginia earned income credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.

If you or your spouse are not claiming a disability subtraction or a credit for earned or low-income and your birth date is on or before January 1, 1956, read below.

#### **Taxpayers Age 65 and Older**

If you or your spouse were **born on or before January 1, 1956**, you may qualify to claim an age deduction of up to \$12,000 each for 2020. The age deduction you may claim depends on your birth date, filing status and income.

**If your birth date is:**

- **On or before January 1, 1939**: You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For individuals born after January 1, 1939, the age deduction is based on the criteria below.
- **On or between January 2, 1939, and January 1, 1956**: Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income-based age deduction, is the taxpayer's *adjusted federal adjusted gross income* or "AFAGI." A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments and reduced by any taxable Social Security and Tier 1 Railroad Benefits.

For Filing Status 1, single taxpayers, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.

For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

**All Married Taxpayers**: A married taxpayer's income-based age deduction is **always** determined using the married taxpayers' joint AFAGI. Regardless of whether filing jointly or separately, if you are married, your income-based age deduction is determined using the combined income of both spouses. If both spouses are claiming an income-based age deduction, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first, then allocate half of the joint deduction to each spouse.

### Line 5. Social Security Act and Equivalent Tier 1 Railroad Retirement Act Benefits

Enter the amount of taxable social security and/or Tier 1 Railroad Retirement Act Benefits that you included in your federal adjusted gross income.

Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule ADJ to determine if these benefits can be included as other subtractions.

### Line 6. State Income Tax Refund or Overpayment Credit

Enter the amount of any state income tax refund or overpayment credit that you reported as income on your federal return.

### Line 7. Subtractions

If you reported any other subtractions on Virginia Schedule ADJ, enter the total amount from Line 7 of Schedule ADJ.

**Line 8.** Add Lines 4, 5, 6 and 7 and enter the total.

### Line 9. Virginia Adjusted Gross Income

Subtract Line 8 from Line 3 and enter the result. If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, complete Lines 10 through 15 and enter "0" as your tax on Lines 16 and 18. Then complete Lines 19 through 36.

You are required to file a return if you are:

**Single** and your VAGI is \$11,950 or more

**Married filing jointly** and *combined* VAGI is \$23,900 or more

**Married filing separately** and your VAGI is \$11,950 or more

## ITEMIZED OR STANDARD DEDUCTIONS

Note: Additional information regarding deductions and other changes required as a result of the 2020 General Assembly Session are provided in Tax Bulletin 20-1 posted on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

Property and other taxes included as deductions on your federal return are also allowed on your Virginia return. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions. Do not complete Line 10 if claiming the standard deduction. Skip to Line 11.

## Line 10. Itemized Deductions

You must claim itemized deductions on your Virginia return if you claimed itemized deductions on your federal return. If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3), itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the combined federal adjusted gross income.

If you claimed itemized deductions, enter the amount from Line 19 of the Virginia Schedule A and enclose this schedule with your return. See the Virginia Schedule A instructions for more information.

## Line 11. Standard Deduction

If you claimed the standard deduction on your federal return, you must also claim the standard deduction on your Virginia return. Enter on Line 11 the amount listed below that corresponds with your filing status.

Filing Status 1	Enter \$4,500
Filing Status 2	Enter \$9,000
Filing Status 3	Enter \$4,500

**Do not complete Line 10 when claiming a standard deduction.**

**Dependent on Another's Return** - If you can be claimed as a dependent on the federal return of another taxpayer, your standard deduction is limited to the amount of your earned income. Enter the **smaller** of the amount of earned income or the standard deduction amount on Line 11.

## Line 12. Exemptions

Enter the sum of the total dollar amount from Exemption Section A and the total dollar amount from Exemption Section B.

## Line 13. Deductions

If you reported any deductions on Schedule ADJ, enter the total amount from Line 9 of Schedule ADJ. You must enclose the Schedule ADJ with your return.

**Line 14.** Add Lines 10, 11, 12 and 13 and enter the total.

## Line 15. Virginia Taxable Income

Subtract Line 14 from Line 9.

## Line 16. Amount of Tax

To compute your tax, you can use either the tax table or the tax rate schedule on Page 33, or use the Tax Calculator on the Department's website.

## Line 17. Spouse Tax Adjustment (STA)

Couples filing jointly under Filing Status 2 may reduce their tax by up to \$259 with the STA if **both have taxable income** to report and their combined taxable income on Line 15 is more than \$3,000.

Use the STA Worksheet on Page 12 or the STA Calculator on the website at [www.tax.virginia.gov](http://www.tax.virginia.gov) to complete this line.

Enter the computed STA amount on Line 17 of Form 760. You must also enter the Virginia Adjusted Gross Income (VAGI) for your spouse.

Using the STA, couples filing joint returns will not pay higher taxes than if they had filed separate returns.

**HOW IT WORKS:** Virginia tax rates increase with income: 2% up to \$3,000; 3% from \$3,001 to \$5,000; 5% from \$5,001 to \$17,000; and 5.75% for income over \$17,000. The STA lets both incomes reported on jointly filed returns benefit from the lower tax rates.

**EXAMPLE:** The Smiths have combined Virginia taxable income of \$47,000.

One spouse's taxable income is \$35,000 and the other spouse's taxable income is \$12,000. Without the STA, their Virginia tax is \$2,445. With the STA, both spouses benefit from the lower tax rates.

Using the STA Calculator at [www.tax.virginia.gov](http://www.tax.virginia.gov), the Smiths compute the STA of \$220, reducing their taxes to \$2,225.

## Line 18. Net Amount of Tax

Subtract Line 17 from Line 16 and enter the difference on Line 18.

## Line 19a. Virginia Tax Withheld During the 2020 taxable year

Enter the amount of Virginia tax withheld from your W-2, 1099 and VK-1 form(s) in the box labeled "Your Virginia Withholding".

## Line 19b.

If filing a joint return, enter the amount of Virginia tax withheld from your spouse's W-2, and VK-1 form(s) in the box labeled "Spouse's Virginia Withholding".

## Line 20. Estimated Payments for the 2020 taxable year

If you did not have enough income tax withheld this year, you may need to increase the amount of tax withheld or pay estimated income tax for 2021. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150. **To make estimated payments, file Form 760ES or file online at [www.tax.virginia.gov](http://www.tax.virginia.gov).**

## Line 21. Overpayment from prior year

Enter amount of 2019 overpayment applied toward 2020 estimated tax.

## Line 22. Extension Payments

## Line 23. Tax Credit for Low-Income Individuals or Virginia Earned Income Credit

If you claimed a Credit for Low-Income Individuals or Virginia Earned Income Credit, enter the total amount from Line 17 of Schedule ADJ. Refer to Page 23 of this instruction booklet for additional information. The amount of the credit claimed may not exceed your tax liability on Line 18 of Form 760. For example, if the net tax on Line 18 is \$141, and the allowable amount of your eligible credit is \$300, then enter \$141 on Line 23.

**Line 24. Credit for Tax Paid to Another State**

Enter the amount of credit for tax paid to another state that you claimed on Schedule OSC, Line 21. Refer to Page 31 for additional information. **You must enclose Schedule OSC and a copy of each state return for which you are claiming credit. The other state’s return must show the computation of tax due.**

**Line 25. Credits from enclosed Schedule CR**

If you claimed any credits on Virginia Schedule CR, enter the amount from Section 5, Part 1, Line 1A of Virginia Schedule CR. Note: The Credit for Low-Income Individuals, the Credit for Taxes Paid to Another State and most credits from Schedule CR are nonrefundable. If Line 26 is smaller than Line 18, subtract Line 26 from Line 18. **This is the amount of tax you owe.**

**Line 28. Overpayment Amount**

If Line 18 is smaller than Line 26, subtract Line 18 from Line 26. **This is the amount of tax you have overpaid.**

**Line 29. Credit to Next Year’s Estimated Tax**

**Line 32. Addition to Tax, Penalty and Interest**

Enter the amount from Schedule ADJ, Line 21.

**Line 33. Sales and Use Tax (Consumer’s Use Tax)**

If you purchased merchandise from retailers without paying sales tax you must pay the sales tax directly to the Department. When retail sellers do not collect sales tax, it becomes the purchaser’s responsibility to pay the sales tax (i.e., consumer’s use tax). Report any sales tax amount you owe on your return. If you do not owe sales tax, mark the corresponding oval on your form.

**Taxable Purchases**

In general, the Virginia sales and use tax applies to all purchases, leases, or rentals of tangible personal property. Regardless of the source of the purchase, if you were not charged sales tax and your purchases are shipped or brought into Virginia, you are required to pay the use tax. This includes purchases made through websites, shopping networks, mail order catalogs\*, and any out-of-state retailers.

Taxable items include, but are not limited to, food, furniture, carpets, clothing, linens, appliances, computers, books, CDs, DVDs, artwork, antiques and jewelry. Separately stated shipping and delivery charges are not taxable, but “handling” and any combined “shipping and handling” charges are taxable. **Line 34.**

Add Lines 29 through 33.

**Line 35. Amount You Owe**

If you owe tax on Line 27, add Lines 27 and 34 and enter the total. **-OR-** If Line 28 is less than Line 34, subtract Line 28 from Line 34 and enter the difference.

**PAYMENT OPTIONS**

If your bank does not honor your payment to the Department, the Department may impose a penalty of \$35, as authorized by Va. Code § 2.2-614.1. This penalty will be assessed

in addition to other penalties, such as the penalty for late payment of a tax.

The fastest and easiest way to make your payments is to file and pay online with VATAX Online Services for Individuals or with eForms. Payments are made electronically and you may schedule payments to be made on a future date.

You must submit your payment electronically if:

- any installment payment of estimated tax exceeded \$7,500,
- any payment made with regard to a return or an extension of time to file exceeded \$7,500, or
- the total estimated income tax due for any taxable year exceeded \$30,000.

If you are not required to submit payments electronically, you have the option to pay by check.

**Web Payments:** Use the Department’s website [www.tax.virginia.gov/payments](http://www.tax.virginia.gov/payments) to make a payment online. Payments are electronically transferred from your savings or checking account. There is no fee charged by the Department.

**Check:** If you file your return locally, make your check payable to the Treasurer or Director of Finance of the city or county in which you reside; otherwise, make your check payable to the Department of Taxation. See Page 43 for a listing of localities. Make sure your Social Security Number is on your check and make a notation that it is your 2020 Virginia income tax payment.

If you file but do not pay with the return, you will be billed if your payment is not submitted by May 1st. To submit a payment separately from the return, but on or before May 1st, go to the Department’s website and download the Form 760PMT. **Important:** If you make your payment by check after filing your return, do not submit a copy of your previously filed return with your payment.

**Credit or Debit Card:** If you file your return locally, call your Commissioner of the Revenue’s office for instructions on how to pay. Phone numbers are listed beginning on Page 43.

If you file electronically or mail your return directly to the Department of Taxation, visit [www.tax.virginia.gov](http://www.tax.virginia.gov)

**Important:** The Department of Taxation is not responsible for a lost refund if you enter the wrong account information. Check with your financial institution to get the correct routing and account numbers and to make sure your direct deposit will be accepted. Do not use the routing number on a deposit slip if it is different from the routing number on your checks.

**payments** to pay on the Internet. *The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge.*

After you complete the transaction be sure to fill in the oval on **Line 35** indicating that you have arranged for a credit or debit card payment.

**Line 36**

If Line 28 is greater than Line 34, enter the difference in the box. **This is your refund.**

**REFUND OPTIONS**

If you do not choose the direct deposit option for your refund by filling in the applicable information on Form 760, the Department of Taxation will issue a refund check to you.

**Direct Deposit - Get your refund faster:** Have your refund deposited directly into your bank account. Fill in the bank account information and indicate whether the account number is for a checking or savings account.

Note: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for details.

**Bank Routing Number:** Enter your bank’s 9-digit routing transit number printed on the bottom of your check. The first 2 digits of the routing number must be 01 through 12 or 21 through 32. Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.

**Bank Account Number:** Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. Enter the number from left to right and leave any unused boxes blank. *Do not include the check number.*

- **Electronic Form 1099-G.** Mark this oval if you would like to obtain your Form 1099-G/1099-INT statement electronically instead of receiving a copy by mail. Paper copies of these statements will be mailed to taxpayers who do not opt into the electronic delivery method. If you previously selected the electronic delivery method and decide to change, submit a written request to the Department using the contact information on Page 3 of this booklet. Form 1099-G/1099-INT is an informational statement issued by the Department in January of each year to report payments made or credited to taxpayers during the previous calendar year. These statements must be used in preparing federal returns by taxpayers who itemize deductions. The statement is also provided to those who receive interest payments of \$10 or more during the year. Form 1099-G/1099-INT may be downloaded securely and printed from the Department's website, [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Signature(s)

Be sure to sign and date your return. If filing jointly, both spouses must sign the return. In so doing, you agree that filing jointly on this return makes you jointly and severally liable for the tax due and any refunds will be paid jointly. Include your phone numbers in the spaces provided.

### ID Theft PIN

If we are notified that your personal information has been compromised, we may assign you a 7-character personal identification number or PIN to be used on your Virginia income tax return. We mail new PINs to eligible taxpayers each year in November or early December. You do not need to request a new one each year, we will send it automatically. Your PIN is only active for the calendar year for which it was assigned. Use your calendar year 2021 PIN on your 2020 individual tax return filed in 2021. If you also submit your 2019 return in 2021, you should use the same Virginia PIN on that return as well. Do not use an expired PIN or a PIN assigned by the IRS. While most taxpayers do not receive a Virginia PIN, if you are issued a Virginia PIN include all alphabetical and numerical characters on your return. If you received a Virginia PIN and cannot locate it, call **804.367.8031** for a replacement.

### Tax Preparer Information

If you paid someone to prepare your return, the preparer should provide their contact information in the spaces provided.

Any person who prepares, or employs one or more individuals to prepare, 50 or more individual income tax returns for compensation is required to file all individual income tax returns using e-File. An income tax return preparer does not include volunteers who prepare tax returns for the elderly or poor as part of a nonprofit organization's program.

Tax preparers may request a hardship waiver to these filing requirements by completing and submitting Form 8454P. For additional information, visit [www.tax.virginia.gov](http://www.tax.virginia.gov).

Paid tax preparers are required to complete the Filing Election field located at the bottom of Page 2 of Form 760 using one of the codes below.

**Code 2** - Taxpayer opted out of electronic filing.

**Code 3** - Preparer prepares less than 50 returns annually.

Military personnel stationed inside or outside Virginia are eligible. This subtraction is allowed for military basic pay that is included in federal adjusted gross income and is not included in another subtraction, such as the Virginia National Guard Income Subtraction. If the military basic pay does not exceed \$15,000, then the entire amount may be subtracted. If the basic military pay is over \$15,000, then the subtraction is reduced by the amount exceeding \$15,000. For every \$1.00 of income over \$15,000, the maximum subtraction is reduced by \$1.00. If your basic military pay is \$30,000 or more, you are not entitled to a subtraction. On joint returns, each spouse can qualify for the subtraction. If you claim this subtraction, you cannot claim a Credit for Low-Income Individuals or Virginia Earned Income Credit.
- 39 Federal and State Employees** - Any individual who qualifies as a federal or state employee earning \$15,000 or less in annual salary from all employment can subtract up to \$15,000 of the salary from that state or federal job. If you claim this subtraction, you cannot claim a Credit for Low-Income Individuals or Virginia Earned Income Credit.
- 40 Income Received by Holocaust Victims** - To the extent included in your federal adjusted gross income, subtract any income resulting from the return or replacement of assets stolen during the Holocaust and throughout the time period leading up to, during, and directly after World War II as a result of: Nazi persecution, an individual being forced into labor against their will, transactions with or actions of the Nazi regime, treatment of refugees fleeing Nazi persecution, or holding of such assets by entities or persons in the Swiss Confederation.

Code* §58.1-339.4 or any other technology business approved by the Secretary of Technology or the Secretary of Commerce and Trade, it may be allowed as a subtraction. The business must have its principal facility in Virginia and less than \$3 million in annual revenues for the fiscal year preceding the investment. The investment must be made between the dates of April 1, 2010, and June 30, 2020. Taxpayers claiming the Qualified Equity and Subordinated Debt Credit cannot claim this subtraction relating to investments in the same business. Venture Capital Investment subtraction for the same investment.

**53 Historic Rehabilitation** - To the extent included in federal adjusted gross income, any amount of gain or income recognized by a taxpayer in connection with the Historic Rehabilitation Tax Credit is allowed as a subtraction on the Virginia return.

**54 First-Time Home Buyer Savings Accounts** - To the extent included in federal adjusted gross income, an individual may subtract any income attributable to a first-time home buyer savings account that was taxed as interest, capital gains, or other income for federal income tax purposes.

Distributions from a first-time home buyer savings account may only be used for the purpose of paying or reimbursing the down payment and allowable closing costs for the purchase of a single-family residence in Virginia by a qualified beneficiary. The subtractions claimed by an account holder in all prior taxable years are subject to recapture in the taxable year in which account funds are withdrawn for any other purpose even if the withdrawal occurred after the expiration of Virginia's three-year statute of limitations.

To claim the subtraction, an individual must designate an account as a first-time home buyer savings account. An individual may designate an account by submitting documentation with their Virginia income tax return for the first taxable year in which such individual claims the subtraction. An individual must submit documentation for each account that they are designating. Include the following information:

- The name and address of the financial institution that maintains the account;
- The names of any other individuals with an ownership interest in the account;

If an account holder has designated more than one existing first-time home buyer savings account, the account holder is required to submit updated information for each account. More information is available in the First-Time Home Buyer Savings Account Guidelines, which are available in the Laws, Rules & Decisions section of the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

**55 Discharge of Student Loans** - Effective for taxable years beginning on and after January 1, 2015, a subtraction is allowed for income attributable to the discharge of a student loan due to the student's death. For purposes of this subtraction, "student loan" means the same as the term is defined under IRC § 108(f). This is a loan to an individual to assist that individual in attending an educational organization that was made by:

- The United States, or an instrumentality or agency thereof;
- A state, territory, or possession of the United States, or the District of Columbia, or any political subdivision thereof;
- Certain tax-exempt public benefit corporations that have assumed control over a state, county, or municipal hospital and whose employees are deemed public employees under state law;
- Charitable educational organizations, if the loan was made: pursuant to an agreement with one of the above-listed entities; or pursuant to a program designed to encourage its students to serve in occupations or areas with unmet needs, and under which the services provided by the students are for or under the direction of a governmental unit or certain tax-exempt organizations.

This subtraction is not applicable to the discharge of private loans. This subtraction does not apply to loans that are already excluded from federal income taxation.

**56 Venture Capital Investment** - For taxable years beginning on or after January 1, 2018 taxpayers may claim an individual income tax subtraction for income attributable to an investment in a Virginia venture capital account made on or after January 1, 2018, but before December 31, 2023. For the purposes of this subtraction, income includes, but is not limited to, investment services partnership interest income, otherwise known as investment partnership carried interest income.

In order for the subtraction to be claimed on the investors' income tax returns, the fund in which they invest must be certified by the Department as a Virginia venture capital account for the year of the investment. If the fund is approved, a 9-digit certification number will be provided. Enter this number in the "Certification Number" space provided beside the subtraction code.

No subtraction is allowed to an individual taxpayer: for an investment in a company that is owned or operated by a family member or affiliate of the taxpayer; who claimed the subtraction for certain long-term capital gains for the same investment; who claimed the Qualified Equity and Subordinated Debt Investments Tax Credit for the same investment; or who claimed the Real Estate Investment Trust subtraction for the same investment.

**57 Real Estate Investment Trust** - For taxable years beginning on and after January 1, 2019, taxpayers may claim a subtraction for income attributable to an investment in a Virginia real estate investment trust

made on or after January 1, 2019 but before December 31, 2024.

In order for the subtraction to be claimed on the investors' income tax returns, the real estate investment trust in which they invest must be certified by the Department as a Virginia real estate investment trust for the taxable year during which the investment was made. If the fund is approved, a 9-digit certification number will be provided. Enter this number in the "Certification Number" space provided by the subtraction code.

No subtraction is allowed to an individual taxpayer: for an investment in a company that is owned or operated by a family member or affiliate of the taxpayer; who claimed the subtraction for certain long-term capital gains or Venture Capital Investments for the same investment; or who claimed the Qualified Equity and Subordinated Debt Investments Tax Credit for the same investment. ## Tax Credit for Low-Income Individuals or Virginia Earned Income Credit

---

You may be eligible to claim a Credit for Low-Income Individuals if your family Virginia adjusted gross income (family VAGI) is equal to or less than the federal poverty guidelines and you meet the Eligibility Requirements. You are

eligible for the Virginia Earned Income Credit if you claimed an Earned Income Tax Credit on your federal return. You cannot claim both a Credit for Low-Income Individuals and a Virginia Earned Income Credit. Claim the credit that benefits you the most. Please complete the entire section.

**Eligibility Requirements:** The Credit for Low-Income Individuals or Virginia Earned Income Credit may **NOT** be claimed if you, your spouse, or any dependents claimed on your return or on your spouse's return claim any of the following:

- Age deduction
- Exemption for taxpayers who are blind or age 65 and over
- Virginia National Guard subtraction (Subtraction Code 28)
- Basic military pay subtraction (Subtraction Code 38)
- Federal & state employee subtraction (Subtraction Code 39) **OR**
- You are claimed as a dependent on another taxpayer's return.

**Line 10. Compute your Family VAGI:** Enter your Social Security Number, name and Virginia adjusted gross income (VAGI) from Line 9, Form 760. For all married taxpayers, enter your spouse's Social Security Number and name, and then follow the instructions below for your filing status:

- **Filing Status 2, Married Filing Jointly:** If you entered the joint VAGI for both you and your spouse exactly as shown on Line 9, Form 760, of your joint return, you do not need to enter a separate VAGI for your spouse. If you entered only your portion of the VAGI from Line 9, Form 760, then enter your spouse's VAGI on your spouse's line. The sum of your VAGI and your spouse's VAGI should equal the joint VAGI amount shown on Line 9, Form 760.
- **Filing Status 3, Married Filing Separately:** To claim the credit, you are required to provide your spouse's VAGI. If your spouse is:
  - Filing a separate Virginia Form 760, enter the VAGI on Line 9, Form 760, from your spouse's return. Only one spouse may claim the Credit for Low-Income Individuals.
  - Not required to file Form 760 (for example, if your spouse is a nonresident), compute your spouse's VAGI as if your spouse is required to file Form 760 resident return and enter the amount on your spouse's line.

Enter the Social Security Number and name of each dependent claimed as an exemption on your return and, if any of your dependents had income, enter the VAGI for each dependent. **For Filing Status 3, Married Filing Separately,** also enter the Social Security Number and name for each of your dependents not claimed as an exemption on your return and, if any of the dependents had income, enter the VAGI for each dependent.

Add the VAGI amounts and enter the total. **This is your family VAGI.**

**Line 11. Determine if you Qualify for the Credit for Low-Income Individuals:** Enter the number of family members listed in Line 10. If your family VAGI on Line 10 is equal to or less than the federal poverty amount for your family size, you are eligible to claim the Credit for Low-Income Individuals.

**Poverty Guideline Table**

Eligible Exemptions	Poverty Guidelines	Eligible Exemptions	Poverty Guidelines
1	\$ 12,760	5	\$ 30,680
2	17,240	6	35,160
3	21,720	7	39,640
4	26,200	8*	44,120

\* For each additional person, spouse and dependent exemption, add \$4,480 to the Poverty Guidelines.

**Line 12. Exemptions to Compute Credit:** If you qualify for the Credit for Low-Income Individuals, enter the number of personal and dependent exemptions you reported on your Form 760. Do not include exemptions for age 65 or older and blind.

**Line 13.** Multiply Line 12 by \$300. Enter the result on Line 13 and proceed to Line 14. If you do not qualify for the Credit for Low-Income Individuals but claimed an Earned Income Tax Credit on your federal return, enter \$0 on Line 13 and proceed to Line 14.

**Line 14.** Enter the amount of Earned Income Tax Credit claimed on your federal return. If you did not claim this credit on your federal return, enter \$0.

When a taxpayer using the married filing separately status computes the Virginia Earned Income Credit, the taxpayer must first determine their proportion of the earned income that was used to qualify for the federal Earned Income Tax Credit. That proportion must then be multiplied by the total Virginia Earned Income Credit, which is 20% of the federal Earned Income Tax Credit. The spouses may then claim their proportional shares of the credit on their separate returns.

**Line 15.** Multiply the amount on Line 14 by 20% (.20).

**Line 16.** Enter the greater of Line 13 or Line 15.

**Line 17. Compute Your Credit:** Compare the amount entered on Line 16, Schedule ADJ, to your tax liability on

Line 18, Form 760. Enter the smaller amount on Line 17, Schedule ADJ and on Line 23, Form 760.

**The Credit for Low-Income Individuals or Virginia Earned Income Credit is a nonrefundable credit. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Lines 24 - 25, Form 760, in addition to the Credit for Low-Income Individuals or Virginia Earned Income Credit, the sum of all nonrefundable credits claimed cannot exceed your tax liability on Line 18, Form 760.**

**Line 19. Penalty:** The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return on Page 3 of these instructions.

**Extension penalty:** If you file your return within 6 months after the due date and the amount of tax due with the return is more than 10% of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of 2% per month or part of a month, from the due date through the date your return is filed. The maximum extension penalty is 12% of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of 6% per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of 30%. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To avoid paying the late payment penalty during the extension period, you must pay any tax owed **when you file the return**.

**Late filing penalty:** If you file your return more than 6 months after the due date, no extension provisions apply and you must compute a late filing penalty of 30% of the tax due with your return.

**Line 20. Interest:** If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 760, Line 27, from the due date to the date filed or postmarked. If you do not pay in full when you file the return, you may be subject to additional penalties and interest. To obtain the daily interest factor, please call **804.367.8031** or contact your locality.

However, please remember that only the Virginia529 account owner of record as of December 31st is eligible

to take the Virginia state tax deduction associated with Virginia529 accounts. Please note that the CollegeWealth and Prepaid529 programs are no longer accepting new accounts, but existing account owners may continue to contribute to their current CollegeWealth accounts and Prepaid529 contracts.

**ABLEnow** is a tax-advantaged way to save, invest and pay for qualified disability expenses of eligible individuals with certain disabilities. Generally, funds in an ABLEnow account are disregarded when determining eligibility for certain Federal means-tested benefits programs, such as Medicaid and Supplemental Security Income (SSI), and for Commonwealth of Virginia means-tested benefits programs as well. For information on this program, visit [able-now.com](http://able-now.com). You are not required to be the owner of record for an ABLEnow account in order to direct a contribution of all or part of your income tax refund and the contributor is eligible to take the Virginia state tax deduction associated with ABLEnow accounts.

When you specify a Virginia529 or ABLEnow contribution amount on Schedule VAC, you authorize the Department to transfer payment and related information to Virginia529 or ABLEnow to facilitate crediting contributions to the specified account(s) pursuant to their operating procedures. The information that will be exchanged is identified below:

- The contribution amounts and the program information contained on Schedule VAC.
- The taxpayer's name, Social Security Number or tax identification number, address, and telephone number. Note: Information for both spouses will be provided if a joint return is filed.

For purposes of determining interest on an overpayment or refund, no interest will accrue after the Department transfers the payment to Virginia529 or ABLEnow. If Virginia529 or ABLEnow is unable to match a contribution to an existing account, they will contact the taxpayer and attempt to resolve the contribution and, if all efforts fail, Virginia529 or ABLEnow will return the refund contribution to the taxpayer at the address on the return.

### Part I, Section A

Enter the overpayment amount computed on your return less the amount credited to estimated tax for next year.

### Part I, Section B

For each contribution, provide the Program Type Code (see codes below), beneficiary's last name, and account number. In addition, provide the routing number if you are making a contribution to a CollegeAmerica account. Contact your financial advisor to obtain the proper account number and routing number for a CollegeAmerica account. For contributions to Prepaid529, Invest529, CollegeWealth and ABLEnow accounts, use your Virginia529 or ABLEnow account number for each.

### Program Type Codes:

- |                   |                    |

| 1 = Invest529     | 4 = CollegeAmerica |
| 2 = Prepaid529    | 5 = ABLEnow        |
| 3 = CollegeWealth |                    |

## Credit for Taxes Paid to Another State

---

As a Virginia resident, all of your income is subject to the Virginia Individual Income Tax, regardless of where it was earned or its source. However, if you received income from another state and are required to file a nonresident return in that state and pay income taxes, you may be eligible to receive a credit for the taxes paid to the other state.

When an individual is an actual resident of one state, but is a domiciliary resident of another state, both states will usually require a resident return. In that case, the domiciliary state will generally allow a credit for taxes paid to the state of actual residence.

This credit applies only to income taxes paid to other states. For more information, see *Va. Code* § 58.1-332 or visit [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Exceptions

**Arizona, California, or Oregon:** If you have income from one of these states, do not claim the credit for tax paid on the income on your Virginia income tax return. If you have income from Arizona, California, or Oregon, claim the credit on the nonresident income tax return of that other state.

However, if you are an owner of a pass-through entity with income from Arizona, California, or Oregon and you participate in the filing of a composite return with any of those states, please consult Public Documents 16-91 and 07-207.

**District of Columbia:** If you have income from the District of Columbia, do not claim the credit for tax paid on the income on your Virginia income tax return. If you paid individual income tax to the District, follow their instructions to obtain a refund of your withholding.

**Kentucky, Maryland, Pennsylvania, or West Virginia:** If you are a Virginia resident with wages, salaries and certain other compensation income earned as a nonresident in one of these four states, you are not eligible to claim the credit for any income not taxable by the other state.

Before claiming this credit, review the other state's nonresident instructions to determine if your wages, salaries and certain other compensation income are exempt from taxation in that state. If your wages, salaries and certain other compensation income are exempt, follow the other state's instructions to obtain a refund of your withholding.

A credit can be claimed on your Virginia return only for income taxes paid to any of the four states listed above on income that was not exempt income.

## Special Circumstances

**Border State Computation** - Kentucky, Maryland, North Carolina, or West Virginia

If you are required to file a return with Virginia and only one other state and that state is listed above, you may qualify for a special computation if:

- The income from that state consists solely of wages, salaries, or business income from federal Schedule C that is taxed by the state; **and**
- Your Virginia Taxable Income is at least equal to the Qualifying Taxable Income on the border state's return; then
- Mark the border state oval and enter "100.0" in the Income Percentage field.

When calculating income from the border state, do not include income exempt from income tax in the border state, even if it is earned or business income from federal Schedule C. Refer to the **Exceptions** section above.

If filing a joint return and each spouse filed a return separately in **only one** other state and that state is listed above, then each spouse may use the border state computation to compute the credit.

## Married Taxpayers

Unless a joint return is filed in both Virginia and the other state, you may need to adjust your taxable income to compute the credit correctly.

- If you filed separately in the other state, but jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.
- If you filed jointly in the other state, but separately in Virginia, enter only the taxable income attributable to that filer from the other state's return.
- If both spouses are included in the same composite return or entitled to a credit for corporation income tax paid by an S Corporation in which both spouses are shareholders, each spouse must compute income and credits separately.

## Required Documentation

- Each credit must be computed separately using the Schedule OSC.
- Enclose a copy of the other state's return if the taxpayer filed an individual return in the other state
- If you are an owner or shareholder in a pass-through entity, and you elected to be included in a nonresident Composite return filed by the pass-through entity in another state, enclose a Composite Filing Statement from the pass-through entity that documents your inclusion in the filings and your share of the income, tax liability, and tax paid.
- If claiming a credit on corporation income tax paid to a state that does not recognize the federal S Corporation election, enclose a statement from the S Corporation that documents your share of the income, tax liability, and tax paid.

W-2s, 1099s, and Schedule K-1s are not acceptable documentation to support the credit. Visit our website for a list of required forms and a sample Composite Filing Statement.

Enter the total taxable income from the following categories that apply to you, to the extent that the income was derived from sources outside Virginia and the income was subject to tax by both Virginia and another state:

- Earned or business income;
- Gain from the sale of any capital asset not used in a trade or business, including a residence; and
- Income on which corporation income tax was paid to a state that does not recognize the federal S Corporation election.

If nonqualifying income is included in the taxable income of the other state, recompute the qualifying taxable income and qualifying tax liability with that income removed. Examples of nonqualifying income include lottery or gambling winnings and unemployment compensation. Additions to federal adjusted gross income or federal taxable income required by the other state are also nonqualifying income unless those items are specifically included in Virginia taxable income.

If the other state's tax is computed on total taxable income from all sources and then reduced by an allocation percentage, enter the reduced taxable income. Visit our website for a complete list of states that require this calculation.

If you qualify see Border State Computation under Special Circumstances.

#### **Line 9. Virginia Ratio**

Multiply Line 7 by Line 8.

## TAX RATE SCHEDULE

**IF YOUR VIRGINIA TAXABLE INCOME IS:**

**Not over \$3,000, your tax is 2% of your Virginia taxable income.**

<b>over—</b>	<b>but not over—</b>	<b>your tax is—</b>	<b>of excess over—</b>
<b>\$ 3,000</b>	<b>\$ 5,000</b>	<b>\$ 60 + 3 %</b>	<b>\$ 3,000</b>
<b>\$ 5,000</b>	<b>\$17,000</b>	<b>\$ 120 + 5 %</b>	<b>\$ 5,000</b>
<b>\$17,000</b>		<b>\$ 720 + 5.75 %</b>	<b>\$17,000</b>

Example

If your taxable income is \$90,000, your tax is \$720 + 5.75% of the amount over \$17,000. This equals \$720 + (.0575 x \$73,000) = \$720 + \$4,197.50 = \$4,917.50 which should be rounded to **\$4,918**.
